Every Type of EVERGREENS

For Every
PLANTING PURPOSE

from
Storrs & Harrison

Pyramidal Arborvitae

There are no more beautiful things in nature than well grown, well cared for evergreens. They are gracious and cool looking in summer and cozy and comfortable in winter.

There is no end to their uses. The owner of a small place will find best use for the dwarf slow growing types, which he can nestle around foundations of his home, or group artistically at the corners of his steps or in front of the porch. There are other types for enclosing private portions of the grounds, for windbreaks, or for formal treatment of various parts of his garden.

We grow evergreens in quantities and have them in sizes ranging from small, for the modest purse, to very large trees for those who want immediate effect.

All evergreens are dug, balled and burlapped (B&B) at no additional charge.

JUNIPERUS—Juniper

Cannart Juniper. Compact form with tufted foliage. Very deep green color; natural growth is informal, but can easily be trimmed to formal shape. Produces light blue berries in the summer.

2 to 2½ feet	B&B	Each \$4.00	Five \$19.00
2½ to 3 feet	B&B	5.00	24.00

Irish Juniper. The natural column juniper. Gray-green in color with a thick foliage. Fine for formal planting or accents in low foundation planting; very slender. Quick growth.

15 to 18 inch	B&B	Each \$2.00	Five \$ 9.00
18 to 24 inch	B&B	2.50	11.00
24 to 30 inch	B&B	3.00	14.00

Pfitzer Juniper (Spreading). One of the best evergreens grown today. Thrives under all conditions; in hot or shaded locations. The pfitzer is used in foundation plantings to fill in around taller evergreens. It forms a mass of silvery green foliage that holds its color winter or summer.

18 to 24 inch	B&B	Each \$4.00	Five \$19.00
24 to 30 inch	B&B	5.00	24.00

Silver Juniper (Blue Cedar). One of the best pyramidal junipers. Has a very good light blue color. Fine for foundation planting, also makes an excellent hedge as it stands severe trimming.

2 to 2½ feet	B&B	Each \$4.50	Five \$21.00
2½ to 3 feet	B&B	6.50	31.00

THUJA—Arborvitae

American Arborvitae. Upright, broad base, pyramidal habit growth. Dense dark green foliage, can be trimmed or left to grow natural, either way it is a handsome tree.

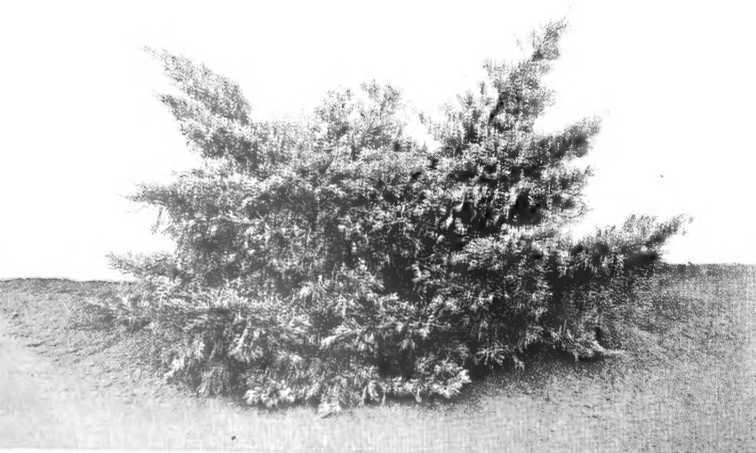

2 to 2½ feet	B&B	Each \$3.00	Five \$14.00
2½ to 3 feet	B&B	4.00	19.00

Compact Globe Arborvitae. Grows naturally round like a ball, forming a bushy, natural globe shaped tree of compact form.

15 to 18 inch	B&B	Each \$2.75	Five \$12.75
18 to 24 inch	B&B	3.50	16.50

Pyramidal Arborvitae. A very dense columnar type with dark green foliage. The most compact and erect of all the Arborvitae. Fine for planting on either side of an entrance or very correctly used as accent plants such as corners or pillars.

2 to 3 feet	B&B	Each \$3.00	Five \$14.00
3 to 4 feet	B&B	5.00	24.00

LIST FLOWER SEED ORDERS ON OPPOSITE SIDE OF THIS PAGE

PICEA—Spruce

Colorado Green. Greenish-blue foliage. The lower branches are thick and are retained as tree grows older. Fine for specimen planting, and can be used in the border.

		Each	Five
15 to 18 inch	Trans.	\$.80	\$3.50
18 to 24 inch	Trans.	1.10	5.00

Norway. The original and most popular Christmas tree of this section. Very popular and effective in Evergreen groups, and one of the best for hedges.

		Each	Five
18 to 24 inch	B&B	\$2.50	\$11.50
2 to 3 feet	B&B	3.50	16.50

PINUS—Pine

Austrian. A remarkably robust, hardy spreading tree of grand size. Darkest and richest green foliage of all pine.

		Each	Five
2 to 3 feet	B&B	\$4.50	\$21.00

Mugho. Dwarf, very slow growing. Leaves short, stiff and very formal. Branches short and very close together giving the appearance of a solid mass of rich green.

		Each	Five
15 to 18 inch	B&B	\$4.25	\$20.00

Scotch. A rapid grower with light green foliage, ideal for screens, backgrounds, etc. Thrives anywhere, very hardy.

		Each	Five
2 to 3 feet	B&B	\$4.00	\$19.00

TAXUS—Yew

Brevifolia. Dwarf spreading yew. Dark green foliage and extremely slow grower forming a low irregular picturesque outline. Old specimens bear a closer resemblance to Boxwood than any other evergreen. Fine for the border or use among taller trees.

		Each	Five
12 to 15 inch	B&B	\$3.50	\$16.50
15 to 18 inch	B&B	5.00	24.00

Hicksi. A really fine tree, growing compact and upright. The habit of growth varies with the method of trimming. It makes an ideal tree for narrow hedges. Does well in light shade and useful in foundation planting.

		Each	Five
12 to 15 inch	Trans.	\$1.00	\$ 4.75
18 to 24 inch	Heavy B&B	5.00	24.00

TSUGA—Hemlock

Canadian Hemlock. A native American tree at home in dense shade and will stand extreme cold conditions. It develops into a regular conical form tapering evenly from a broad base to a long thrifty shoot. The long graceful branches makes it ideal for border or foundation planting.

		Each	Five
2 to 3 feet	B&B	\$ 7.50	\$36.00
3 to 4 feet	B&B	11.00	53.00

OUR GUARANTEE

All plants must reach our customers in perfect condition. If there is any doubt as to their health and vigor, please notify us **AT ONCE**. Also, please notify the shipping agent—postman, expressman or freight agent—**AT ONCE**—showing him the damages. Packages are often delayed in shipping and this is the carrier's responsibility. Claims for damages must be made by the party receiving the plants promptly. We, however, will not let the customer be the loser and, **if notified before 10 days have passed**, will replace free of charge any plants not in the best of condition when received, whether or not the delivering agent allows the claim.

We will also replace at one-half ($\frac{1}{2}$) the listed price, any plant bought at listed price that fails to grow the season following shipment. **Reports must be made before August 1st following planting date.**

Plants and other nursery stock sent as ordered, and received in good condition, cannot be returned for credit and we accept no obligation for their return.

Unless you state definitely "NO SUBSTITUTION," we retain the right to send you a similar plant of equal value in place of the variety you order. When substituting, we always endeavor to give the customer the best of the deal.

HOW TO ORDER

Payment in full should be sent with all orders. **No C. O. D. orders** accepted. Send money by recognized safe methods. Unregistered cash sent at your risk.

Packing. All stock will be packed free, using the most modern methods, assuring perfect arrival.

SHIPPING. Please add 5% to all orders which you wish shipped by parcel post so that we may prepay them. 10c minimum. The usual material that is shipped by parcel post includes roses, perennials, vines, seeds and bulbs, and some of the small fruits. All other material will be sent express charges collect.

ITEMS NOT LISTED

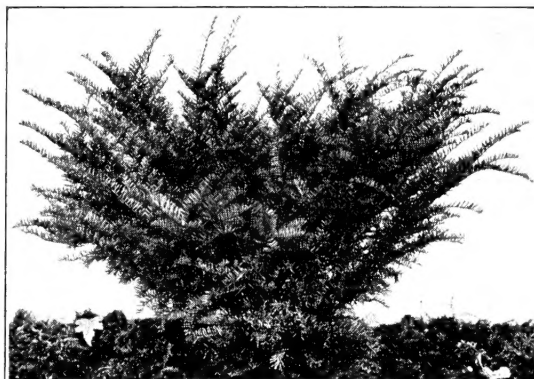

There are many varieties and sizes of plants and shrubs that we grow on our 1000 acre nursery that can not be listed in the catalogue due to the lack of space. If you do not find the variety and size you desire, please write us. We will be glad to quote you special prices, if the stock is available.

Mountain Laurel

BROAD LEAVED EVERGREENS

These shrubs are becoming more popular each year. The magnificent display that these shrubs make while in bloom, coupled with the fresh green foliage which is maintained throughout the entire year make them most desirable. Then too, they are perfectly happy in shady spots. When used in conjunction with other evergreens they brighten the entire landscape.

Rhododendron

AZALEA

Mollis. The most satisfactory of azaleas. Their colors range through orange, flame, and salmon of the most brilliant hues. A group of these in the front of the shrub border is a joyful sight.

		Each	Five
12 to 15 inch	B&B	\$2.50	\$11.00
15 to 18 inch	B&B	3.00	14.00

BUXUS—Boxwood

Korean. A neat growing evergreen, slow grower reaching an ultimate height of 2 feet. Nice bushy, wide plants that will make an excellent edging for walks or beds. Perfectly hardy and thrives on any soil.

		Each	Five
9 to 12 inch	B&B	\$1.50	\$ 7.00
12 to 15 inch	B&B	2.00	9.00
15 to 18 inch	B&B	2.50	11.50
18 to 24 inch	B&B	3.00	14.00

DAPHNE CNEORUM

Rose Daphne. A low spreading shrub growing only 8 to 10 inches high. Producing delightfully fragrant rose pink flowers in both spring and autumn. It is at home as an edging plant in front of shrubs or does equally as well along garden walks or around flower beds.

		Each	Five
7 to 9 inch	B&B	\$1.50	\$7.00
9 to 12 inch	B&B	2.00	9.00

COTONEASTER

Acutifolia. A beautiful hardy dwarf cotoneaster with arching branches, weighted down in the autumn with masses of bright crimson fruits. Leaves are small and glossy green. A superb plant for that semi-shady place.

		Each	Five
2 to 3 feet	BR	\$1.25	\$6.00
3 to 4 feet	BR	1.50	7.00

EUONYMUS—Wintercreeper

Carrieri. Most upright of the type, favored for shearing into low hedges. The pointed leaves are large richly dark and shiny, with variation of silver lines.

		Each	Five
12 to 15 inch	BR	\$1.50	\$ 7.00
15 to 18 inch	BR	2.50	11.50

Patens. This is the easiest grown of all Euonymus types. Compact and shapely with rich green foliage, which remains on plant nearly all winter. The new shiny leaves appear quickly in the spring. Does well in shade in any kind of soil. Truly the perfect

plant for a shady border. During the fall many orange red berries appear adding to its beauty.

		Each	Five
12 to 15 inch	BR	\$1.00	\$4.75
15 to 18 inch	BR	1.50	7.00

EUONYMUS—Evergreen Bittersweet

Radicans. A bushy growing evergreen that does well in either sun or shade. Leaves, dark shiny green and rather small. If trimmed will develop into a lovely shrub. If allowed to grow natural it has a viney effect that will cover unsightly walls or stumps.

		Each	Five
12 to 15 inch	BR	\$1.00	\$4.75
15 to 18 inch	BR	1.50	7.00

Radicans Variegata. A beautiful green and white leaved form of the above that has the same habit of growth.

		Each	Five
9 to 12 inch	BR	\$1.50	\$7.00
12 to 15 inch	BR	2.00	9.00

Radicans Vegetus. A strong growing variety with larger leaves than other varieties producing bright orange red berries which remain on the plant nearly all winter. It is unequalled as a wall cover.

		Each	Five
12 to 15 inch	BR	\$1.50	\$7.00
15 to 18 inch	BR	2.00	9.00

KALMIA

Mountain Laurel. A native shrub of the Carolinas. Thriving in either sun or shade but does require an acid soil with moderate moisture. Blossoms, deep rose with purple maskings. Very showy.

		Each	Five
2 to 3 feet	B&B	\$5.00	\$24.00

RHODODENDRON

Catawba Rhododendron. Excellent dark green foliage studded with large purple flowers. Excellent variety for naturalizing; does well in partial shade.

		Each	Five
2 to 3 feet	B&B	\$5.00	\$24.00
3 to 4 feet	B&B	6.00	28.00
4 to 5 feet	B&B	10.00	47.50

Rose Bay Rhododendron. The largest of our native types with long pointed leaves. White flowers are produced in late June. Plant in deep shade for best results.

		Each	Five
2 to 3 feet	B&B	\$5.00	\$24.00
3 to 4 feet	B&B	6.00	28.00
4 to 5 feet	B&B	10.00	47.50

ORNAMENTAL TREES

Silver Maple

American Linden (Basswood)

Trees have a character that is instantly imparted to the homestead over which they stand guard. They are the real part of a home. A tree requires no repairs; neither paint nor plumbing, can improve it. No insurance is needed—no wages demanded for its services. It feeds, clothes, and houses itself.

Trees are beautiful as well as useful too. Winter or summer their infinite charm commands our reverence, and their smile is one of peace. A tree is never in a hurry, though its upward growth defies the most powerful natural law.

ACER—The Maples

Noway Maple. Said to be the tallest of the maple family. A native of Europe, grows rapidly in the poorest soil, thrives everywhere. Holds its foliage until November. The safest maple to plant, resists abuse, transplanting, neglect, and wind.

	Each	Five
8 to 10 feet.....	\$5.00	\$24.00
10 to 12 feet.....	7.00	33.50

Schwedler's Maple. A beautiful variety with very large bronze red leaves, and young shoots of the same color. A vigorous grower and a most effective ornamental tree. Attains a height of about 50 feet.

	Each	Five
8 to 10 feet.....	\$7.50	\$36.50
10 to 12 feet.....	9.00	43.00

Silver Maple, Soft Maple. A most rapid growing tree. Its leaves are deeply cut, bright green above and silvery beneath. A large tree that adapts itself to almost any condition. The smooth grey bark and the glowing March flowers contrast beautifully.

	Each	Five
5 to 6 feet.....	\$2.50	\$11.50
6 to 8 feet.....	3.00	14.00

Sugar Maple, Rock Maple. An unsurpassable shade and specimen tree. Its thick spread dark green leaves emphasize a shape uniform and beautiful. Foliage most gorgeous in its fall colors. Maple sugar is obtained from the adult tree.

	Each	Five
6 to 8 feet.....	\$6.00	\$29.00
8 to 10 feet.....	8.00	39.00

AESCULUS—The Horsechestnuts

Red Horsechestnut, Buckeye. A rugged broad tree symmetrical in shape with large leaves. In the spring the most striking red flowers are produced in spike form. A very distinctive and worthwhile tree.

	Each	Five
5 to 6 feet.....	\$8.00	\$39.00
6 to 8 feet.....	10.00	48.00

White Horsechestnut. A native of Europe similar habits to the red variety but having beautiful spikes of white flowers borne in profusion and sweetly scented.

	Each	Five
6 to 8 feet.....	\$6.00	\$29.00
8 to 10 feet.....	8.00	39.00

AILANTHUS—Tree of Heaven

Glandulosa. A rapid growing hardy tree that does well under most adverse conditions. It thrives in localities where soil is poor, and exposed to gas and smoke. Foliage bright green and palm-like.

	Each	Five
6 to 8 feet.....	\$4.00	\$19.00
8 to 10 feet.....	5.00	24.00

AMYGDALUS—Double Flowering Peach

Persica. A double red flowered sort, that blooms during the month of May. Each twig and branch is covered with double, rose red flowers. This small tree can be planted in the border in conjunction with other shrubs. Ht. 15 ft.

	Each	Five
3 to 4 feet.....	\$2.50	\$11.50

ARALIA—Devil's Walking Stick

Japonica. Small tree with spreading top. Foliage consists of palm-like leaves finely divided. Creamy white flowers borne in broad flat panicles.

	Each	Five
6 to 8 feet.....	\$3.00	\$14.00
8 to 10 feet.....	4.00	19.00

BETULA—Birch

Cutleaf Weeping Birch. A most graceful weeping tree, tall with slender branches, white bark and deeply cut, characteristic foliage. Especially desirable for specimen planting, giving a fountain effect even in winter.

	Each	Five
5 to 6 feet.....	\$7.00	\$34.00
6 to 8 feet.....	9.00	44.00

CORNUS—Dogwood

Red Flowering Dogwood. Red flowers produced in the early spring before leaves appear. Foliage most attractive in fall of year. Tree slow growing and nicely shaped.

	Each	Five
6 to 8 feet	BR \$10.00	\$47.50
8 to 10 feet	BR 15.00	72.50

Add \$3.00 each for Balling and Burlapping.

White Flowering Dogwood. Sparkling white flowers produced in spring before leaves come out. Foliage is very attractive in fall of year. Used best in background as a tall shrub.

		Each	Five
5 to 6 feet	BR	\$5.00	\$24.00
6 to 8 feet	BR	7.50	36.50

Add \$2.50 each for Baling and Burlapping.

CRATAEGUS—Hawthorn

Cockspur Thorn. A dwarf tree rarely over 20 feet high, with widely extending branches, giving a flat-topped effect. The leaves are thick and glossy colored with a tinge of red opening in May. Fruits are showy scarlet remaining on the tree all through the winter.

		Each	Five
3 to 4 feet	BR	\$2.50	\$11.50
4 to 5 feet	BR	3.50	16.50

Thicket Hawthorn. A fine native variety which will form a dense thicket when planted close together. Just the thing for making that impenetrable background. Single white flowers in the spring followed by crimson red berries in fall.

		Each	Five
3 to 4 feet	BR	\$2.50	\$11.50
4 to 5 feet	BR	3.50	16.50
5 to 6 feet	BR	5.00	24.00

Washington Hawthorn. An excellent variety for the border or as a specimen tree. Small white flowers born in profusion from May until June. Making many clusters of small fruits in the fall of the year. Bright red in color.

		Each	Five
4 to 5 feet	BR	\$3.50	\$16.50
5 to 6 feet	BR	5.00	24.00

GINKGO—Biloba

Maiden-hair Tree. A rare elegant tree from the orient making a growth up to 80 feet in height. The fern-like foliage borne on angular branches makes this tree outstanding. Use as a specimen, for distinction.

		Each	Five
6 to 8 feet		\$4.00	\$19.00
8 to 10 feet	BR	6.00	28.00
10 to 12 feet		8.00	37.50

GYMNOCLADUS—Dioica

Kentucky Coffeetree. A fast growing tall tree with ascending branches. Foliage varies from two to three feet in length and of all glaucous blue color. Greenish white flowers.

		Each	Five
4 to 5 feet.....		\$3.00	\$14.00
5 to 6 feet.....		4.00	19.00

JUGLANS

Butternut. A shapely and beautiful tree, growing well in a rich well-drained loam. This tree is hardy and fruits are sweet and large.

		Each	Five
4 to 5 feet.....		\$2.00	\$ 9.00
5 to 6 feet.....		3.00	14.00

Black Walnut (Nigra). A majestic native tree of large size and most valuable for its timber and choice nuts. We have an exceptional large stock of them.

		Each	Five
5 to 6 feet	BR	\$4.50	\$21.50
6 to 8 feet	BR	6.00	28.00

Japanese Walnut (Sieboldiana). A very rapid grower, early and heavy bearing, perfectly hardy. Not only do they yield a nutritious fruit, but they also beautify the landscape.

		Each	Five
3 to 4 feet.....		\$1.75	\$ 8.00
4 to 5 feet.....		2.00	9.00
5 to 6 feet.....		2.50	11.50
6 to 8 feet.....		3.50	16.50

LIRIODENDRON

Tulip Tree. An upright growing tree pyramidal in shape; sometimes reaching 100 feet high. Broad, glossy, large leaves of glaucous green color which turn to bright yellow in the fall. Flowers are cup-shaped resembling a tulip, pale greenish yellow in color. Very showy.

		Each	Five
3 to 4 feet.....		\$2.50	\$11.50
6 to 8 feet.....		4.00	19.00

MAGNOLIA

Cucumber Tree (Acuminata). 70 feet. A well-known native of our mountains, conical in shape and with large, glaucous leaves, making it attractive. The flowers are fragrant, usually a dull, white color, followed by elongated green seed clusters which later turn coral.

		Each	Five
5 to 6 feet	BR	\$3.00	\$14.00
6 to 8 feet	BR	4.50	21.50
8 to 10 feet	BR	6.00	28.00
10 to 12 feet	BR	7.50	35.00

MALUS—Flowering Crabs

Bechtel's Crab (loensis). A very hardy, shapely tree with spreading branches. Leaves dark green, turning yellow in the autumn. Double pink flowers, fragrant, resembling roses.

		Each	Five
5 to 6 feet.....		\$4.50	\$21.50
6 to 8 feet.....		6.00	29.00

Sugar Maple

Pin Oak

Oriental Plane

Chinese Flowering Crab. A neat growing variety with narrow glossy leaves. Coral red buds give way to pretty rose colored flowers which in the fall turn to small round yellow fruit.

	Each	Five
5 to 6 feet.....	\$4.50	\$21.50
6 to 8 feet.....	6.00	29.00

Ely Crab (Eleyi). A vigorous growing tree up to 18 feet high. Foliage brilliant purple; flowers bright red, followed by dark red fruits.

	Each	Five
5 to 6 feet.....	\$4.50	\$21.50
6 to 8 feet.....	6.00	29.00

Parkman Crab (Parkmani). A semi-double bright rose flower appears before leaves. This well-branching variety makes a colorful showing in the border.

	Each	Five
5 to 6 feet.....	\$4.50	\$21.50
6 to 8 feet.....	6.00	29.00

Sargent's Crab (Sargenti). A very spreading tree, producing an unusual amount of white flowers with sparkling yellow anthers. Fruits are bright scarlet and remain on tree nearly all winter.

	Each	Five
5 to 6 feet.....	\$4.50	\$21.50
6 to 8 feet.....	6.00	29.00

Tea Crab (Theifera). A stiff erect plant, and in the spring every branch and twig is covered with a cloud of rose pink blossoms that slowly change to blush white.

	Each	Five
5 to 6 feet.....	\$4.50	\$21.50
6 to 8 feet.....	6.00	29.00

PLATANUS—Sycamore

European Plane Tree (Orientalis). Unexcelled as a park or street tree, especially in cities since it is extremely tolerant of smoky and dusty air conditions. A handsome broad, round headed tree of rapid growth and characteristic scaling bark.

	Each	Five
6 to 8 feet.....	\$3.00	\$14.00
8 to 10 feet.....	4.50	21.50
10 to 12 feet.....	6.00	29.00

SALIX—The Willows

Pussy Willow (Discolor). A small tree with very attractive leaves. Its most outstanding attribute is the conspicuous silky catkins which are formed in the fall and burst forth in the spring into lovely, showy bouquets.

	Each	Five
3 to 4 feet.....	\$1.00	\$4.75
4 to 5 feet.....	1.25	6.00

Rosemary Willow (Incana). A beautiful tree not too tall, with slender branches and twigs. The foliage is tiny and very dense. The white stiff leaves makes this tree more than attractive. It makes it a "must" in every garden.

	Each	Five
2 to 3 feet.....	\$1.00	\$4.75
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

Thurlow Weeping Willow (Elegantissima). A magnificent tree of great size, sometimes reaching 50 feet or more high. Its spreading branches makes it most desirable for lake side planting or as a specimen on the lawn.

	Each	Five
5 to 6 feet.....	\$2.75	\$12.75
6 to 8 feet.....	3.50	16.50
8 to 10 feet.....	5.50	26.50

Gold Bark (Vitellina). Upright growing tree. The characteristic feature is the bright yellow bark that is shown both in winter and summer.

	Each	Five
5 to 6 feet.....	\$2.25	\$10.25
6 to 8 feet.....	3.00	14.00
8 to 10 feet.....	4.00	19.00

Wisconsin Weeping Willow (Blanda). The best of all weeping willows; always popular. Delicate foliage born on exceedingly graceful, slender branches. Rapid growth.

	Each	Five
4 to 5 feet.....	\$1.50	\$ 7.00
5 to 6 feet.....	2.25	10.25
6 to 8 feet.....	2.75	12.75
8 to 10 feet.....	3.50	16.50

Golden Weeping Willow (Niobe). Grows similar to the Wisconsin variety but has yellow, golden branches.

	Each	Five
5 to 6 feet.....	\$2.75	\$12.75
6 to 8 feet.....	3.50	16.50

SALIX—The Willows

Laurel Willow (Pentandra). A small, rapid growing tree with shiny dark green foliage. Fine for specimen or tall hedge. Especially at seashore or other exposed places as it thrives anywhere.

	Each	Five
4 to 5 feet.....	\$1.50	\$ 7.00
5 to 6 feet.....	2.25	10.25
6 to 8 feet.....	2.75	12.75

POPULUS—Poplars

Bolleana Poplar. Glittering green leaves, silver underneath. A rapid growing tree with gray bark.

	Each	Five
8 to 10 feet.....	\$4.00	\$19.00
10 to 12 feet.....	5.00	24.00

Lombardy Poplar (Nigra Italica). Another well-known old variety. Its columnar shape is used extensively in cities and other restricted areas for screen purposes.

	Each	Five
5 to 6 feet.....	\$1.25	\$6.00
6 to 8 feet.....	1.50	7.00
8 to 10 feet.....	1.75	8.00
10 to 12 feet.....	2.00	9.00

QUERCUS—Oak

Pin Oak (Palustris). Of outstanding merit, much admired for its graceful habit of growth and attractive lustrous green foliage. A rapid growing variety which we can most highly recommend.

	Each	Five
6 to 8 feet.....	\$5.00	\$24.00
8 to 10 feet.....	7.00	34.00
10 to 12 feet.....	10.00	49.00

STORRS & HARRISON CAN SUPPLY SHADE TREES IN CAR LOAD LOTS

We invite the city forester of your department of parks, the district engineer of your state highway commission, and landscape architects to visit us at Painesville to see the shade trees growing in our nurseries.

Our tremendous production enables us to supply high quality shade trees at very low prices.

TILIA—Linden

American Linden. A fine, majestic tree of shapely habit and rapid growth, particularly desirable for the sweet fragrance of its flowers. Large, heart-shaped leaves. Deserving a much greater popularity for shade and street planting. We highly recommend this variety.

	Each	Five
5 to 6 feet.....	\$2.50	\$11.50
6 to 8 feet.....	3.50	16.50
8 to 10 feet.....	5.00	24.00
10 to 12 feet.....	7.50	36.50

ULMUS—Elm

American Elm. The priceless heritage of New England. Stately yet graceful. An aristocrat of trees with upright, arching branches forming a large spreading top. Excellent for specimen planting and commonly used as street trees.

	Each	Five
5 to 6 feet.....	\$3.00	\$14.00
6 to 8 feet.....	4.00	19.00
8 to 10 feet.....	5.00	24.00

Moline Elm. A smaller tree than the American but very desirable under certain conditions for this reason: unlike the American it has a central leader and a conical shaped top.

	Each	Five
5 to 6 feet.....	\$1.75	\$ 8.00
6 to 8 feet.....	2.25	10.50

TREES IN LARGER SIZES

For immediate effects, it is frequently desirable to plant trees larger than the commercial sizes listed in nursery catalogues. We are always glad to quote prices on such as are available, including the special handling required for the successful transplanting of extra-large trees.

HARDY ORNAMENTAL SHRUBS

Shrubs cannot be dispensed with in lawn ornamentation whether they are used for softening the sharp angles of foundation walls or boundaries or the screening of objectionable views. Mass plantings bring out features of Landscape beauty. Proper selection as to height and judicious choosing of varieties will insure the accomplishment of any of these objects, and provide a succession of bloom from spring until fall.

Our shrubs are heavy, well-rooted specimens and are sent by freight or express collect.

ACANTHOPANAX

Five-leaved Aralia (Pentaphyllum). An attractive, arching shrub of medium growth with rich green foliage on spiny branches. Well adapted to poor soils and occasionally used as a hedge.

	Each	Five
18 to 24 inch.....	\$.75	\$3.25
2 to 3 feet.....	1.00	4.75
3 to 4 feet.....	1.25	6.00

AMELANCHIER

Downy Shadblow (Canadensis). An erect bushy tree. Snowy white flowers produced in early spring. Does well in a naturalistic location.

	Each	Five
4 to 5 feet.....	\$2.00	\$ 9.00
5 to 6 feet.....	3.00	14.00

ARONIA

Red Chokeberry (Arbutifolia). A native shrub growing quite tall with dark green shiny foliage. The white flowers are followed by dull red fruits.

	Each	Five
18 to 24 inch.....	\$.90	\$4.25
2 to 3 feet.....	1.25	6.00

BERBERIS—Barberry

Japanese Barberry (Thunbergi). This is probably the commonest and hardiest of the hedge plants. It is a dwarf compact shrub with many small green leaves which change to red and bronze in the autumn. In addition to this coloring the bright scarlet berries are present and remain all winter.

	Each	Five
15 to 18 inch.....	\$.40	\$1.75
18 to 24 inch.....	.60	2.50

Red-leaved Barberry (Atropurpurea). Same type of growth as above with scarlet foliage in spring, dull red in summer, and brilliant again in the fall. Does best in full sunlight.

	Each	Five
15 to 18 inch.....	\$.75	\$3.25
18 to 24 inch.....	.90	4.25

Dogwood

White Fringe Tree

BUDDLEIA—Butterfly Bush

Concord. A new variety producing purple spikes. Quick bushy growth which sometimes freezes back to within 12 inches of ground but springs up again into perfect well-branched specimen.

2 Year No. 1.....	\$.90
-------------------	--------

Hartwegi. Another new variety of superior hardiness, extra heavy compact bush with dark green foliage. Bright lavender flowers produced in spikes similar to lilacs. Valuable as a cut flower for the home.

2 Year No. 1.....	\$.90
-------------------	--------

Ile de France. An improved variety producing large flower spikes of deep rosy purple, blooming from June until late summer. Does best in rich soil with plenty of sunlight; requires severe pruning each year.

2 Year No. 1.....	\$.90
-------------------	--------

CALLICARPA

Beautyberry (Purpurea). A pretty shrub blooming during August, small clusters of pink flowers followed by violet colored berries borne in bunches. This plant requires protection in extremely cold climate. Frequently freezes back to 6 to 8 inches. New shoots spring up producing flowers and fruits.

	Each	Five
18 to 24 inch.....	\$1.00	\$4.75

CEPHALANTHUS

Common Buttonbush (Occidentalis). A dense rounded bush, doing well in damp locations. Large greenish white flowers produced in July. Excellent plant for a semi-shady place.

	Each	Five
2 to 3 feet.....	\$1.10	\$5.00
3 to 4 feet.....	1.40	6.75

CHIONANTHUS

White Fringe Tree (Virginica). A large sized shrub with leathery shiny leaves. Although tree-like in character the heavy branches are produced near the ground. Flowers white and lace-like are produced on gracefully drooping panicles.

	Each	Five
18 to 24 inch.....	\$1.00	\$4.75
2 to 3 feet.....	1.25	6.00
3 to 4 feet.....	1.50	7.00

CLETHRA—Summersweet

Sweet Pepper Bush (Alnifolia). A shrub growing up to 5 feet tall, with beautiful spikes of white flowers in July. Valuable for massing in moist shady spots.

	Each	Five
18 to 24 inch.....	\$.90	\$4.25
2 to 3 feet.....	1.25	6.00

CYDONIA

Flowering Quince (Japonica). A dense bushy growing shrub, excellent for foreground in the shrub border. Showy scarlet flowers produced in early spring give way to quince shaped orange colored fruits. Foliage dark green and shiny.

	Each	Five
15 to 18 inch.....	\$.75	\$3.25
18 to 24 inch.....	1.00	4.75
2 to 3 feet.....	1.25	6.00

CORNUS—Dogwood

Coral Dogwood (Alba Siberica). Commonly known as the red-barked dogwood. A coarse upright shrub whose bright red branches are very effective planted in masses. An excellent companion plant of the Golden Twig Dogwood listed below.

	Each	Five
2 to 3 feet.....	\$.75	\$3.25
3 to 4 feet.....	1.00	4.75
4 to 5 feet.....	1.50	7.00

DEUTZIA

Slender Deutzia (Gracilis). A dwarf dense growing shrub, with slender branches of soft green foliage. During May and June a mass of pure white flowers appear in abundance. An excellent border plant.

	Each	Five
12 to 15 inch.....	\$.75	\$3.25
15 to 18 inch.....	1.00	4.75

Pride-of-Rochester (Scabra). A vigorous grower producing large double white flowers tinged with rose. One of the earliest to bloom. Up to 10 feet high.

	Each	Five
2 to 3 feet.....	\$.90	\$4.25
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

Double Fuzzy Deutzia (Scabra Crenata Rosea). A neat shrub growing approximately 6 feet high. Flowers double white with a slight pink tinge.

	Each	Five
2 to 3 feet.....	\$.90	4.25
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

EUONYMUS—Burning Bush

Winged Burning Bush (Alatus). This interesting shrub takes its name from the corky "wings" or ridges of bark that are a prominent characteristic, and from the brilliance of its foliage in the fall. It seems entirely at home in shady, dry places where few other shrubs will survive. A large shrub, tall and broad.

	Each	Five
18 to 24 inch.....	\$1.00	\$ 4.75
2 to 3 feet.....	1.75	8.00
3 to 4 feet.....	2.25	10.25

Dwarf Winged Burning Bush (Alatus Compacta). Of dwarf and compact habit of growth. An excellent hedge shrub requiring no pruning. Highly colored in the fall. Deserves wide popularity.

	Each	Five
18 to 24 inch.....	\$1.50	\$7.00
2 to 3 feet.....	2.00	9.00

European Burning Bush (Europeas). A large shrub, having yellow flowers in nodding clusters in May followed by rose colored berries that remain on the plants well into the winter.

	Each	Five
2 to 3 feet.....	\$1.25	\$6.00
3 to 4 feet.....	1.50	7.00
4 to 5 feet.....	2.00	9.00

FORSYTHIA

Border Forsythia (Intermedia). A large, tall growing variety with arching canes, covered with bright yellow bell-shaped flowers early in April. The earliest bloomer of all.

	Each	Five
18 to 24 inch.....	\$.75	\$3.25
2 to 3 feet.....	1.00	4.75
3 to 4 feet.....	1.25	6.00

Showy Border Forsythia (Spectabilis). Of upright growth, with rich green foliage making it a most desirable shrub for border or screen planting. The yellow bell-shaped flowers which are abundantly produced marks the coming of spring.

	Each	Five
18 to 24 inch.....	\$.50	\$2.25
2 to 3 feet.....	.75	3.25
3 to 4 feet.....	1.00	4.75
4 to 5 feet.....	1.50	7.00

Weeping Forsythia (Suspensa). A variety with slender canes, that arch and droop to the ground. When in flower it becomes a perfect cataract of golden yellow blossoms.

	Each	Five
18 to 24 inch.....	\$.75	\$3.25
2 to 3 feet.....	1.00	4.75
3 to 4 feet.....	1.50	7.00

HALESIA—Silverbell

Great Silverbell (Tetraptera). A neat growing small tree with dark green leaves. Sometimes grown as a bush. Early in spring pink bell shaped flowers cover the branches. The seeds are also showy, being large and winged shaped, which give this plant a novel ornamental effect.

	Each	Five
2 to 3 feet.....	\$1.50	\$ 7.00
3 to 4 feet.....	2.00	9.00
4 to 5 feet.....	2.50	11.50

Sweet Pepper Bush

Flowering Quince

Butterfly Bush

HAMMELIS—Witch Hazel

Common Witch Hazel (*Virginica*). A native shrub, with clean upright growth, rather coarse foliage, fine for shrub masses. Fringe-like yellow flowers open in November. Does best in damp peaty soil and a semi-shady location.

	Each	Five
4 to 5 feet.....	\$1.25	\$6.00
5 to 6 feet.....	1.50	7.00
6 to 8 feet.....	1.75	8.00

HIBISCUS—Althea

Rose-of-Sharon (*Syriacus*). An old-fashioned shrub blooming late in August and early September. Very popular because it flowers at a time when there is little color in our shrub border. Its short stemmed blossoms are like those of Hollyhocks, its foliage clean and luxuriant, habit of growth upright. Our hardy varieties are offered as follows:

Boule de Feu. Bright Crimson.

Anemoneflorus. Pink.

Ardens. Purple.

Joan de Arc. White.

	Each	Five
2 to 3 feet.....	\$1.00	\$4.75
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.75	8.00

HYDRANGEA

Snowhill Hydrangea (*Arborescens Grandiflora*). A much branched low shrub with snow white flowers born in great profusion in mid-summer. Valued for its long season of blooms. Does well in sun or shade.

	Each	Five
18 to 24 inch.....	\$1.50	\$7.00

Pee Gee Hydrangea (*Paniculata Grandiflora*). Old, but not lacking in popularity. The enormous blooms open a snow white and later turn to shades of dull pink and are often cut for winter bouquets. One of the few shrubs blooming in September. Does well in poor soil.

	Each	Five
12 to 18 inch.....	\$1.00	\$4.75
18 to 24 inch.....	1.25	6.00
2 to 3 feet.....	1.50	7.00

KOLKWITZIA—Beauty Bush

Beauty Bush (*Amabilis*). This charming shrub from Central China has pale pink clusters of small trumpet-shaped flowers in great profusion. Attractive leaves and gracefully arching branches, dense twiggy growth.

	Each	Five
18 to 24 inch.....	\$1.00	\$ 4.75
2 to 3 feet.....	1.50	7.00
5 to 6 feet.....	2.50	11.50

LIGUSTRUM—Privet

Amur Privet (*Amurensis*). A vigorous growing variety perfectly hardy and for this reason should be planted instead of California Privet in cold regions. Dark green leaves, a perfect hedge plant, or for foundation planting.

	Per 10	Per 100
12 to 18 inch.....	\$2.00	\$ 9.00
18 to 24 inch.....	3.00	14.00
2 to 3 feet.....	4.00	19.00

California (*Ovalifolium*). Of dense compact habit, very useful in shady places. Quick growing and dense. Should be set 8 to 12 inches apart in a single row or 18 inches in a double staggered row.

	Per 10	Per 100
12 to 18 inch.....	\$1.80	\$15.00
18 to 24 inch.....	2.25	20.00
2 to 3 feet.....	3.00	25.00

Ibota Privet (*Ibota*). Makes tall clumps useful for informal screenings or can be used as a hedge. Wide spread curving branches, very hardy, and of vigorous growth.

	Per 10	Per 100
18 to 24 inch.....	\$2.50	\$22.50
2 to 3 feet.....	3.50	27.50

LONICERA—Honeysuckle

White Belle (*Bella Albida*). An upright growing shrub. Covered with White flowers in early summer followed by red berries.

	Each	Five
2 to 3 feet.....	\$1.10	\$5.00
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

Winter Honeysuckle (*Fragrantissima*). Noted for its fragrant creamy white flowers. This type develops into a large spreading bush. A good border subject doing well in poor, dry soils.

	Each	Five
2 to 3 feet.....	\$.90	\$4.25
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

Morrow Honeysuckle (*Morrow*). A very decorative shrub with downy foliage. A somewhat rounded and spreading growth. Flowers are creamy white sometimes yellow, later is covered with brilliant red fruits.

	Each	Five
3 to 4 feet.....	\$1.25	\$6.00
4 to 5 feet.....	1.75	8.00

Pink Honeysuckle (*Tartarica Grandiflora*). Perhaps the most popular Bush Honeysuckle. One of the first shrubs to leaf out in the spring; it has always been a favorite. The flowers are pink followed by light red fruits. An excellent plant for shade and poor soil.

	Each	Five
2 to 3 feet.....	\$1.00	\$4.75
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

MAGNOLIA

Sweet Bay (*Glaucia*). A handsome tree, with glossy laurel like leaves, nearly evergreen. Large fragrant white cup shaped flowers in June. Likes a cool moist situation.

	Each	Five
3 to 4 feet.....	B&B \$3.50	\$16.50
4 to 5 feet.....	B&B 5.00	24.00

PHILADELPHUS—Mockorange

Albatre. A bushy shrub, neat growing, not too tall. Pure double white flowers, fragrant; good foliage.

	Each	Five
18 to 24 inch.....	\$1.00	\$4.75

Sweet Mockorange (*Coronarius*). A universal garden favorite. Sweet Syringa was once the popular name for this sweet scented shrub. A tall growing plant with attractive snow-white flowers laden with an exquisite fragrance.

	Each	Five
18 to 24 inch.....	\$.75	\$3.25

American Cranberrybush (Americana). A handsome native shrub of open spreading habit. Very decorative with its bright red berries hanging on the plant throughout the winter.

	Each	Five
18 to 24 inch.....	\$.75	\$3.25
2 to 3 feet.....	1.00	4.75
3 to 4 feet.....	1.25	6.00

Arrowwood (Dentatum). A very good shrub for massing. Bright green heart-shaped leaves turning in fall to purple red. Creamy white flowers in May and June. Bluish black fruits in autumn.

	Each	Five
2 to 3 feet.....	\$.90	\$4.25
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00
5 to 6 feet.....	2.00	9.00

European Cranberrybush (Opulus). Both ornamental and useful. Its red berries resembling cranberries, esteemed by many; hang until destroyed by frost late in the fall. Beautiful dense brilliant green foliage.

	Each	Five
18 to 24 inch.....	\$.75	\$3.25
2 to 3 feet.....	1.00	4.75
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

Dwarf Cranberry Bush (Opulus Nana). A very dwarf, compact form of Viburnum opulus, seldom growing over 18 inches high. Very formal in growth.

	Each	Five
6 to 9 inch.....	\$1.25	\$6.00
9 to 12 inch.....	1.50	7.00

Common Snowball (Opulus Sterilis). The old-fashioned snowball, that is in full bloom on Decoration Day. Very large clusters of pure white sterile flowers.

	Each	Five
18 to 24 inch.....	\$.75	\$3.25
2 to 3 feet.....	1.00	4.75
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

Nannyberry (Lentago). A tall growing shrub. Great clusters of pure white flowers during May and June. With large bluish black fruits.

	Each	Five
2 to 3 feet.....	\$1.00	\$4.75
3 to 4 feet.....	1.25	6.00
4 to 5 feet.....	1.50	7.00

Wayfaring Tree (Lantana). A large robust shrub with soft, heavy leaves and large clusters of white flowers in May, succeeded by red fruit; retains its foliage very late.

	Each	Five
2 to 3 feet.....	\$1.00	\$4.75

Siebold Viburnum (Siedoldi). Tall growing stoutly branched shrub. Leaves dark green and glossy. Creamy white flowers appearing in early summer followed by pink fruits that turn black when fully ripe.

	Each	Five
18 to 24 inch.....	\$1.00	\$4.75
2 to 3 feet.....	1.50	7.00

Double File Viburnum (Tomentosum). The most beautiful of all Viburnums. A large shrub or sometimes a small tree. The horizontal branches are studded with flat, pure white flower clusters of exquisite beauty.

	Each	Five
18 to 24 inch.....	\$1.00	\$4.75
2 to 3 feet.....	1.50	7.00
3 to 4 feet.....	2.00	9.00

Japanese Snowball (Tomentosum Plicatum). This popular shrub is a marked improvement over the Common Snowball both in flowers and foliage. The leaves are leathery and crinkled, free

from curling, usually caused by aphids, that disfigures the older variety. Blooms in June, and will thrive in partial shade.

	Each	Five
18 to 24 inch.....	\$1.00	\$4.75
2 to 3 feet.....	1.50	7.00
4 to 5 feet.....	2.00	9.00

VITEX—Chaste Tree

Lilac Chaste-Tree (Agnus Castus). A lovely low-growing shrub of rounded form and handsome dark green foliage. Leaves small and fern-like with lavender blue spikes.

	Each	Five
18 to 24 inch.....	\$1.25	\$6.00
2 to 3 feet.....	1.50	7.00

Chaste-Tree (Macrophylla). Excellent lawn specimen or most welcome in the hardy border. Blooms throughout the entire summer. Lilac like, lavender blue flowers are produced at the ends of branches. A neat growing small shrub.

	Each	Five
18 to 24 inch.....	\$1.25	\$6.00
2 to 3 feet.....	1.50	7.00

WEIGELA

Crimson Weigela (Floribunda). A vigorous, upright grower. Excellent foliage, and dull crimson flowers. A good border plant and wonderful for massing.

	Each	Five
18 to 24 inch.....	\$1.00	\$4.75
2 to 3 feet.....	1.20	5.75

Pink Weigela (Rosea). Perhaps the most popular variety. Upright habit of growth, with clusters of trumpet-shaped, bright pink flowers in June. Clean luxuriant foliage.

	Each	Five
18 to 24 inch.....	\$.90	\$4.25
2 to 3 feet.....	1.10	5.00

Hybrid Van Houtte. A tall stately shrub, dark green foliage. Flowers are showy deep rosy red with orange markings, appearing in broad flat heads.

	Each	Five
18 to 24 inch.....	\$.90	\$4.25
2 to 3 feet.....	1.10	5.00

Dwarf Variegated Weigela (Hybrida Nana Variegata). A dwarf shrub having dark leaves margined and streaked creamy white. An abundance of light pink flowers appear in June. A fine shrub for contrast in foreground planting.

	Each	Five
18 to 24 inch.....	\$.90	\$4.25
2 to 3 feet.....	1.25	6.00

Snowberry

HARDY VINES

AKEBIA

Fiveleaf Akebia (Quinata). A rapid growing Vine with clover-like foliage and rosy purple flowers in early summer.

	Each	Five
2 Year No. 1	\$.75	\$3.25

AMPELOPSIS—Woodbine

Boston Ivy (Veitchi). This is one of the finest hardy climbers that we have that will cling to brick walls, stone, wooden walls, trees, etc. Deeply cut green leaves turning to crimson in fall.

	Each	Five
2 year No. 1	\$.75	\$3.25

HEDERA

English Ivy (Helix). The famous English Ivy with its familiar ever-green glossy foliage. Excellent ground cover or as an edging to flower beds. Does well in dense shade.

	Each	Five
2 Year No. 1 Field Grown.	\$.75	\$3.25

BIGNONIA

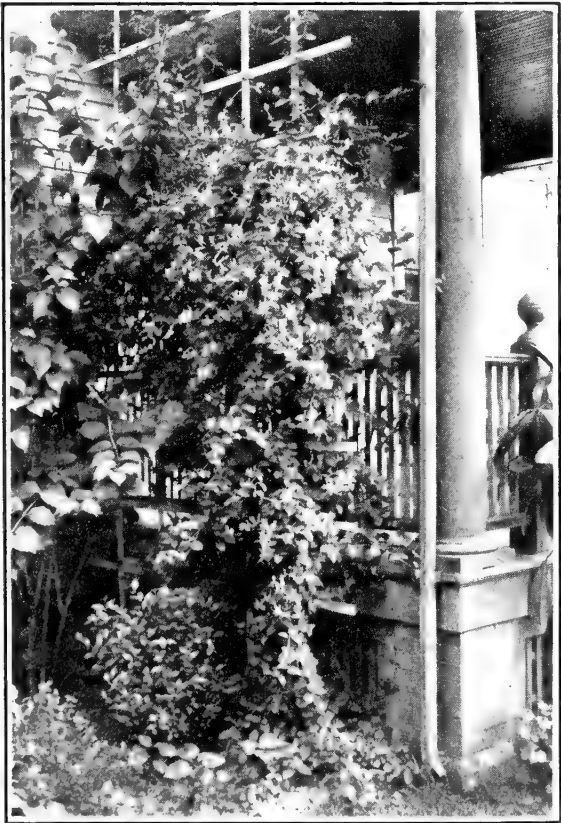

Trumpet Creeper (Radicans). For covering unsightly places, stumps, rock work, old fences, or wherever a showy naturalistic vine is desired. Its dark orange flowers show themselves all summer and fall. Very hardy.

	Each	Five
2 Year No. 1	\$1.00	\$4.75

CELASTRUS

Bittersweet (Scandens). One of our native plants, of rapid growth, succeeding well in either sun or shade. Attractive light green foliage with yellow flowers in June, followed in the autumn with bright orange fruits which usually remain on plant all winter.

	Each	Five
2 Year No. 1	\$1.00	\$4.75
4 Year No. 1	1.25	6.00

Hall's Honeysuckle

LONICERA—Honeysuckle

Dutch Woodbine (Belgica). Blooms continuously from June to September. The foliage is light green, the flowers yellow tinted with red and very fragrant. Fine for walls, stumps, and arbors, and grows rapidly.

	Each	Five
2 Year No. 1	\$.90	\$4.25

Goldflame. Immense showy clusters of trumpet-shaped flowers that are very fragrant. The outside of petals brilliant flame pink, the inside a creamy golden yellow. Dark glossy foliage makes this vine one of the best.

	Each	Five
2 Year No. 1	\$1.10	\$5.00

Hall's Honeysuckle (Halliana). An old-fashioned favorite, prized for its fragrant white and yellow flowers and its almost ever-green foliage. Makes an excellent ground cover for those very difficult slopes and banks.

	Each	Five
2 Year No. 1	\$.50	\$2.25
3 Year No. 175	3.25

Trumpet Honeysuckle (Sempervirens). A fine variety, with showy, orange-scarlet flowers in clusters at the tips of the branches. Attractive foliage.

	Each	Five
2 Year No. 1	\$1.25	\$6.00

POLYGONUM

Silver Lace Vine (Auberti). One of the fastest growing vines offered; foliage perfectly clean, never bothered by insects or other pests. In the fall great foamy sprays of white flowers.

	Each	Five
2 Year No. 1	\$1.00	\$4.75

WISTERIA

Chinese Wisteria (Chinensis). The familiar, popular variety with pendant, pea-shaped clusters of bluish violet blooms. A very vigorous climber which requires a substantial support on which to grow.

	Each	Five
2 Year No. 1	\$1.50	\$7.00

Ampelopsis

Plants from Our Greenhouses

Spider Plant (*Anthericum Mandaianum*)

A variegated plant, useful when small as centers in jardiniers. Larger plants are very attractive in porch boxes or hanging baskets. Dark green leaves about 6 inches long, with bright yellow center; the crest of each flower stem reproducing a new plant complete.

BEGONIAS

There are few house plants as satisfactory as Begonias. They are rich in color and beautiful in design and all are easy to grow.

Adeline 2 1/4-inch pot plant \$.25 each

A lovely bright pink. Very free flowering; a dwarf and compact growing variety.

Ball White 2 1/4-inch pot plant \$.25 each

An excellent variety, of the finest white flowers. A wonderful pot plant; leaves light green.

Luminosa Compacta 2 1/4-inch pot plant \$.25 each

A very neat growing compact plant with fiery red blossoms. Bronzy red foliage.

Shrimp Plant (*Beleperone Gutta*) 2 1/4-inch pot plant \$.25 each

A heavy wooded branching plant growing to about 2 feet high with bright green leaves. Showy salmon red and old rose spikes with drooping habit. The overlapping petals give the appearance of a shrimp, hence the name.

Jade Plant 2 1/4-inch pot plant \$.25 each

An old favorite, with bronze green leaves, rounded and thick.

Fittonia (*Argyroneum*) 2 1/4-inch pot plant \$.50 each

Large, round, green leaves of vivid green with a showy network of pure white veins.

Baby's Tears or Paddy's Wig (*Helxine Soleioli*)

2 1/4-inch pot plant \$.20 each

A charming little plant, moss like and spreading. Useful in a wall bracket or in a shallow table pot.

IVY

Hahn's Self Branching Strong 2-1/4 inch pot plant \$.20 each

A novel dwarf hardy ivy for garden or home use. It is especially well adapted for evergreen edgings, to small beds, pools, fountains, or for planting along a shady walk. Hahn's Ivy is slow, dense growth, keeping in perfect form without trimming or any effort. For table decoration it is a most valuable plant, lasting the entire winter.

English Ivy (*Hedera Helix*) Strong 2 1/4-inch pot plant \$.30 each

A lovely vine, with its familiar glossy foliage; can be used as a ground cover, or as edging for flower beds. Does well in dense shade.

Red Spot Maranta 2 1/4-inch pot plant \$.50 each

Light green oval leaves with several dark red spots, maroon in color, on either side of mid ribs.

Passion Vine (*Passiflora*) 2 1/4-inch pot plant \$1.00 each

A rapid growing climbing plant, well adapted for house culture or for training over trellis in garden during summer months. The flowers are outstanding, often five inches in diameter, a combination of colors that defies accurate description; petals are pink, throat of flower green, and stamens black.

THE STORY OF THE PASSION VINE

There are many different varieties, but most of them climb by means of tendrils. They are natives of tropical America. The peculiar charm of these plants, lies in the odd flowers, the parts of which according to early Spanish and Italian travelers, represent the implements of the crucifixion. The flower is made up of five petals that are arranged in a whorl; there is also present five petal-like lobes. These ten parts of the floral envelope or pod were thought to represent the ten apostles present at the crucifixion. Peter and Judas being absent. Inside this envelope or pod is a showy crown with colored fringes; this was taken to represent the crown of thorns. There are five stamens, which is the pollen bearing organ of the flower. This suggests to some the five wounds, to others it is thought to be emblematic of the hammers which were used to drive the three nails. These nails being represented by three styles, which is the stalk inside the flowers, between the ovary and the stigma, on which the pollen falls to fertilize the flower. The stamens that protrude from the center of the flower are branched so as to resemble a cross.

GERANIUMS

The best-known and most extensively used of all bedding plants. We are offering a limited number of varieties. They are the best in their class.

Bertha de Pressley 4 -inch pot plant \$.75 each
2 1/4-inch pot plant \$.25 each

A beautiful shade of bright pink; the center of the flower having a tinge of salmon; a variety that does not fade; the hotter the location the better it grows.

Beauty Poitevine 4 -inch pot plant \$.75 each
2 1/4-inch pot plant .25 each

An old favorite, but still in demand. A bright rosy salmon.

Madame Landry 4 -inch pot plant \$.75 each
2 1/4-inch pot plant .25 each

A rich salmon, shaded orange, a fine variety, semi-double blooms.

Jean Viaud 4 -inch pot plant \$.75 each
2 1/4-inch pot plant .25 each

A beautiful clear rosy pink, with a distinct white block at center. Flowers are semi-double.

Radio Red 4 -inch pot plant \$.75 each
2 1/4-inch pot plant .25 each

A pure scarlet. Nice large heads and large individual flowers. One of our best reds today.

Alphonse Ricard 4 -inch pot plant \$.75 each
2 1/4-inch pot plant .25 each

Immense flowers of bright orange red. Truly a showy variety.

Mrs. Buchner 4 -inch pot plant \$.75 each
2 1/4-inch pot plant .25 each

A pure snow white; a wonderful grower, good foliage, and the flowers are double.

Happy Thought 4 -inch pot plant \$.75 each
2 1/4-inch pot plant .25 each

An excellent fancy leaf type, with dark green foliage, having a light creamy, almost white center, with a dark band about the light colored zone. Fine for massing or bordering. A thrifty and healthy grower.

Rose Scented Geraniums 2 1/4-inch pot plant \$.25 each

An old-time favorite; leaves very aromatic; very interesting growth; stems tall and branching; skeleton leaf type.

PEPEROMIA

Clusifolia 2 1/4-inch pot plant \$.30 each

Leaves thick and long, oval shape; a nice green color; a thin line of chocolate-maroon edge appears around the margin of leaves. Very attractive.

Obtusa Folia 2 1/4-inch pot plant \$.30 each

Leaves a brilliant green color, oval in shape. Plant grows compact and bushy. A nice decorative plant.

Sandersi (Watermelon Begonia) 2 1/4-inch pot plant \$.30 each

This attractive plant has oval light green leaves, that are delicately marked with a whitish gray color. The individual leaves resemble the striped watermelon.

Variegated Floradana 2 1/4-inch pot plant \$.30 each

Leaves rich cream, colored with a jagged flare of green thruout the center of leaf. Very showy.

Devil's Ivy (*Philodendron*) 2 1/4-inch pot plant \$.40 each

Wide heart shaped leaves, dark shiny green in color on thick twisted stems. A thrifty climber and just the thing for fancy indoor vining effects.

Ivy Arum (*Pothos Aureus*) 2 1/4-inch pot plant \$.40 each

A sturdy fast growing vine. Leaves heart-shaped, broad, of dark green with conspicuous yellow spots.

Strawberry Geranium (*Saxifraga*) 2 1/4-inch pot plant \$.20 each

Clusters of round green leaves, heavily veined white, the under surface is red; besides the attractiveness of the plant it throws out runners similar to a strawberry plant and forms rosettes of showy foliage with the making of each new plant. The flowers are small spikes, the petals of which are white spotted red.

Wandering Jew 2 1/4-inch pot plant \$.20 each

A fast growing viney plant with bright green foliage striped cream. The underside is a greyish green color.

Red Wandering Jew 2 1/4-inch pot plant \$.20 each

Similar to above, except the leaves are striped maroon and silver.

FLOWER SEEDS

We are here offering you, what we believe to be the finest collection of flower seeds available. We have endeavored to present only those varieties that do well in the average garden. On each and every package you will find these words, "Yes, Indeed, They're Guaranteed."

Please use the order blank in the front of the book for all seeds. This will enable us to fill your order more quickly and efficiently. Price per packet is found on order blank.

QUALITY VEGETABLE SEEDS

No.

ASPARAGUS

B—pkt. \$.25

10 *Mary Washington*. Rust free, highly recommended.**BEANS, Stringless Bush**

B—pkt. (1/2 lb.) \$.25; C—pkt. (1 lb.) \$.45

- 20 *Dwarf Horticultural*. Medium height. Prolific.
 21 *Landreths'*. Best round-podded green beans.
 22 *Black Valentine*. A sure cropper with any conditions.
 23 *Tendergreen*. Extremely meaty, delicious flavor.
 30 *Pencil Pod Wax*. Rich, yellow, wonderful flavor.
 31 *Round Pod Kidney Wax*. Most popular light waxy yellow.
 32 *Top Notch Golden Wax*. Totally resistant to rust.
 33 *Sure Crop Wax*. One of the best waxy yellow beans.
 40 *Red Kidney*. Mahogany color; rich flavor.
 41 *White Kidney*. White in color; excellent baking sort.
 50 *Kentucky Wonder Green*. Commonly known as pole beans.

BEANS, Lima

B—pkt. (1/2 lb.) \$.30; C—pkt. (1 lb.) \$.50

- 60 *Burpee's Improved Bush*. Extremely productive.
 61 *Fordhook's Bush*. Fine nut flavored variety.
 62 *Henderson's (Baby Lima)*. Delicately flavored.
 70 *King of the Garden*. Most used pole lima beans. Good.

EDIBLE SOY BEANS

B—pkt. (1/2 lb.) \$.25; C—pkt. (1 lb.) \$.45

- 80 *Bansei*. Sturdy grower; nut like flavor.

BEETS

B—pkt. (1 oz.) \$.30; C—pkt. (4 oz.) \$.75

- 90 *Crosby's Egyptian*. Semi-globe shaped early.
 91 *Detroit Dark Red*. Best all purpose beet; fiberless.
 92 *Early Wonder*. Flat globe shaped; tender, high quality.

SWISS CHARD

B—pkt. (1 oz.) \$.30; C—pkt. (4 oz.) \$.75

- 120 *Fordhook Giant*. Rich green, crinkly leaves; fleshy.
 121 *Lucullus*. Light green, curly leaves; mild flavor.

BROCCOLI

B—pkt. (1/2 oz.) \$.35

- 130 *Italian Green*. Tall with central head and side sprouts.

BRUSSELS SPROUTS

B—pkt. (1/2 oz.) \$.35

- 140 *Long Island Improved*. A fine sort, dwarf and compact.

No.

CABBAGE

B—pkt. (1/2 oz.) \$.20; C—pkt. (1 oz.) \$.35

- 150 *Copenhagen Market*. Early, high quality.
 151 *Early Jersey Wakefield*. Popular, pointed shape.
 152 *Golden Acre*. 5 lb. heads, white, crisp and tender.
 153 *Globe*. 10 lb. heads, globe shaped; fine for kraut.
 154 *Danish Ballhead*. Extremely hard heads, fine flavor.
 155 *Late Flat Dutch*. Large heads, good late fall variety.
 156 *Round Red Dutch*. Dark red, solid globe shaped head.
 160 *Chihli (Chinese)*. Early, about 20 inches tall, crisp.

CARROT

B—pkt. (1/2 oz.) \$.25; C—pkt. (1 oz.) \$.40

- 170 *Chantenay Red Cored*. Flesh fine grained and tender.
 171 *Danvers Half Long*. Tender, rich in flavor, sweet.
 172 *Morse's Bunching*. The ever-popular "Finger Carrot."
 173 *Nantes*. Delicious flavor, fine grained, sweet.

CAULIFLOWER

A—pkt. \$.25; B—pkt. (1/4 oz.) \$1.00

- 180 *Early Snowball*. Heads solid, ivory white, fine.

CELERY

A—pkt. \$.15; B—pkt. (1/2 oz.) \$.50

- 190 *Dwarf Golden*. Thick, solid, heavily ribbed stalks.
 191 *Giant Pascal*. Stalks are tall, solid, and stringless.
 192 *Utah No. 99*. Stalks heavy, rounded with channel.

COLLARDS

B—pkt. (1 oz.) \$.25

- 210 *Georgia*. Loose cluster of tender leaves.

CORN, Sweet

B—pkt. (1/2 lb.) \$.25; C—pkt. (1 lb.) \$.45

- 220 *Golden Cross Bantam*. Larger ears than Golden Bantam.
 221 *Marcross*. First early yellow variety, fine flavor.
 222 *Country Gentleman*. Pure white slender sweet kernels.
 223 *Early Evergreen*. Pearly white grains of rich flavor.

Everblooming Hybrid Tea Roses

We are here offering the most popular varieties of tea roses. All are good growers and will provide you with gorgeous blooms throughout the summer.

All are two year No. 1 grade, the finest stock available.

Perhaps you have been one of those unfortunate people who have purchased "bargain" roses from cut-price stores and other sources of no horticultural standing. This experience may have been costly and disappointing. You therefore can understand why so many of our customers return to Storrs & Harrison and purchase our 2 year No. 1 grade, quality stock.

\$1.50 each 5 for \$7.00 10 for \$12.50

American Beauty. The fame of our American Beauty roses is world wide. The rich glowing crimson flowers, shaded and veined, are immense in size. Very double. Borne on long stiff stems.

Ami Quinard. Tall vigorous grower with almost black buds; semi-double flowers of maroon-red.

Betty Upchurch. Beautiful two-toned rose, coppery red buds. Large semi-double orange flowers, brilliant orange. Carmine outside of bud with light salmon shades. Strong growing.

Caledonia. One of the best white roses that we have grown; exceptionally long pointed bud opening to a very double high pointed flower. Moderately fragrant. A continuous bloomer.

Charles K. Douglas. A vigorous upright grower. A flaming scarlet, flushed crimson flower that is moderately fragrant.

Columbia. An exceptional free blooming variety of strong vigorous habit. Buds a pleasing shade of rose pink, delightfully fragrant.

E. G. Hill. One of the finest outdoor roses. Strong upright grower. Buds long and pointed on good stout stems, opening into a full double bloom of crimson scarlet. A continuous bloomer and perfectly hardy.

Edith Nellie Perkins. A rose of outstanding merit. Long pointed bud, outside of petals red shaded orange, inside salmon pink. A good sized flower, long lasting and fragrant.

Editor McFarland. A clear brilliant pink, lovely pointed buds, a slight tinge of yellow near base. Intensely fragrant and a strong grower.

Etoile de Hollande. Brilliant red blooms of magnificent size. Petals large, deliciously fragrant. Free flowering.

Francis Scott Key. A lovely garden rose. Color a glowing scarlet, with darker shadings. Buds long, pointed full and double.

Frau Karl Druschki. A rugged, strong grower. Pure snow white in color, known as the "White American Beauty." Flowers immense, blooms throughout the season. Hardy everywhere.

Gruss an Teplitz. An excellent rose for everyone succeeding under the most ordinary conditions. The richest scarlet in color shading to velvety crimson; very fragrant. A free strong grower.

K. A. Victoria. An ever blooming, hardy, white rose. Long pointed buds, large double flowers, glorious in their perfection, borne on stiff stems. A truly indispensable white garden rose.

Lady Hillingdon. A strong healthy grower. Buds appearing on strong stems well above the foliage. This beautiful rose defies accurate description. Apricot yellow shaded to orange, becoming deeper color and more intense towards center of bloom.

Mme. Joseph Perraud. Long, slender, and pointed orange buds opening to a sweetly fragrant, charming buff color with shades of pink appearing near edge of petals. A magnificent grower and bloomer.

Mrs. W. C. Miller. Strong clean sturdy bush; glowing crimson flowers. Continuous bloomer, very hardy.

McGredy's Scarlet. Brilliant scarlet with orange, yellow at base of petals. Large, oval buds, and double cupped shaped flowers.

Red Radiance. Has no superior and very few equals. An even shade of clear red, retaining its vividness after being cut. The vigorous growth and its adaptability to any soil or climate has made this rose outstanding.

Soeur Therese (Sister Therese). Long pointed chrome yellow buds heavily marked carmine; the open flower is a rich daffodil yellow, holding its color well. Blooms appear freely on splendid cutting stems.

Luxembourg. A rich apricot yellow, shaded with copper and marked with lighter yellow; very free blooming.

Margaret McGredy. Fragrant large oval buds and double cupped flowers of orange vermillion color. This has been tested in various parts of the country and found good.

Poinsettia. A vivid poinsettia-red; disease resistant. Especially strong grower and prolific bloomer.

Pres. H. Hoover. Large flowers of a very charming combination of cerise-pink, flame, scarlet and yellow. Foliage is clean, handsome and thick. Strong grower. The brilliant color of this rose is brought to perfection in the fall when cool nights prevail.

Red Radiance. An ideal bedding rose that continues to produce its large flowers throughout the most unfavorable hot weather. Bright cerise red with salmon pink shadings at base of petals.

Rouge Mallerin. Scarlet pointed buds of brilliant red opening to a glowing scarlet. Very fragrant.

Talisman. Brilliant red and gold buds, opening to a rich scarlet orange tinged yellow. A constant bloomer.

CLIMBING ROSES

Blaze (U. S. Plant Patent No. 10). A very vigorous climbing variety, which has the blazing color of Paul's Scarlet Climber and the everblooming habit of Gruss an Teplitz. The combination of which makes this variety outstanding.

\$1.50 each

Dr. Van Fleet. Rich flesh pink, long pointed buds on stems about 12 inches long, makes this an ideal cutting variety.

\$1.50 each 5 for \$7.00

Excelsa. Intense crimson-scarlet, double flowers in brilliant clusters set in glossy shiny foliage, which is not subject to mildew or spots.

\$1.00 each 5 for \$4.75

Gardenia. Bright yellow buds, opening to a delicate cream color. Very fragrant and free blooming.

\$1.00 each 5 for \$4.75

Paul's Scarlet Climber. Flowers vivid and scarlet, shaded with crimson; of strong climbing habit, with excellent foliage. Semi-double blossoms, appear in large clusters.

\$1.50 each 5 for \$7.00

Pink Dorothy Perkins. A very deep pink; flowers are borne in clusters of small double bloom and are sweetly scented.

\$1.00 each 5 for \$4.75

Silver Moon. Flowers very large, pure white in color, with attractive yellow stamens in center of blossoms. They appear in large clusters, amid shiny green foliage.

\$1.50 each 5 for \$7.00

White Dorothy Perkins. A pure white sport from Dorothy Perkins, with which it is identical in foliage and habit. A valuable addition to the hardy climbers.

\$1.00 each 5 for \$4.75

Wichuriana. A trailing species that can be used as a climber. Foliage is dense, forming a dark green lustrous mass. The single white flowers are produced in clusters, with delicate fragrance. Valuable for covering banks, rocks, and steep slopes. Perfectly hardy.

\$1.00 each 5 for \$4.75

CLUSTER ROSES

Cluster roses are those that are especially useful for mass planting. Their habit of growth is bushy and they bloom continuously. Plant in groups of three or five in the front of the shrub border. Their brilliant display of colors is just as effective as annuals.

Triomphe de Orleans. A brilliant geranium red, with a distinct pure white center. Very free blooming and the flower clusters are unexcelled in keeping qualities.

\$1.25 each 5 for \$5.75

Golden Salmon. Large semi-double flowers, of an old gold sheen overlaid with light bronze, resulting in a gorgeous golden salmon color. Produces thick clusters that are very showy.

\$1.25 each 5 for \$5.75

you the very day they are packed.

No loss of vitality.

HARDY HERBACEOUS PLANTS

Garden lovers of flowers know of the value of Hardy Perennial plants in the garden. To the people who are preparing a border for the first time, we would like to state that Storrs & Harrison's well-grown field plants grow larger and more impressive with age.

Early fall or early spring planting is best. Just as soon as you can prepare your soil. You will enjoy your plants more if you will plant in groups of three, or in larger garden clumps of 12 or more. This creates a bold effect in your border. So planted, your border will be easier to take care of and without a doubt most satisfactory.

The personnel at Storrs & Harrison stand ready at all times to help you with your garden problems. Their wide range of experience is at your service at all times.

ACHILLEA—Milfoil or Yarrow

- The Pearl** 3 for \$1.00 10 for \$2.75
Large, pure, white flowers. Nothing better for cutting. June to September. 2 feet.
- Snow Ball** 3 for \$.90 10 for \$2.50
Full, perfect white flowers. Nice for borders or rock garden, neat plant. June to October. 1 foot.
- Rosy Milfoil** 3 for \$.90 10 for \$2.50
Rosy pink flowers in dense heads on stiff stems. Very effective in the shrubbery or in the border. 2 feet.

AGROSTEMMA—Mullen Pink

- Coronaria** 3 for \$.85 10 for \$2.25
Silvery foliage, flowers 2 to 3 feet high of bright rosy crimson. This is a fine plant for hot dry places.

ALYSSUM—Basket of Gold

- Citrinum** 3 for \$1.00 10 for \$2.75
Pale citron-yellow flowers born in profusion. 1 foot high. April and May.
- Saxatile Compactum** 3 for \$.90 10 for \$2.50
Bold masses of bright flowers in early spring. Excellent for rock garden or the front of border. 1 foot high.

ANCHUSA—Alkanet

- Dropmore** 3 for \$.90 10 for \$2.50
Tall spikes of beautiful blue flowers in June and bloom intermittently all summer. 4 feet.
- Myosotidiflora** 3 for \$1.15 10 for \$3.25
Charming blue flowers resembling forget-me-nots. An effective rock plant for shady or sunny places. Flowering in May and June. 1 foot.

ANEMONE—Windflower

- Alba** 3 for \$1.25 10 for \$3.75
Pure single white flowers with yellow centers blooming profusely, and grows rapidly. September. 2 feet.
- Alice** 3 for \$1.25 10 for \$3.75
Larger rose pink flowers, lilac center, blooming from September until November. Excellent for massing in the border.
- Queen Charlotte** 3 for \$1.25 10 for \$3.75
Perfectly formed "La France" pink flowers, semi-double. Excellent cut flower.
- September Charm** 3 for \$1.25 10 for \$3.75
Silvery pink flowers shaded rose. Two inches or more in diameter. Extremely free of flowering. 2 feet.
- Whirlwind** 3 for \$1.25 10 for \$3.75
Excellent double white flowers. Fine for cutting.

ARABIS—White Rockcress

- Alpina** 3 for \$1.00 10 for \$2.75
Dense masses of pure white flowers. Excellent for rock gardens. 6 to 8 inches. Early Spring.
- Alpina Rosea** 3 for \$1.00 10 for \$2.75
Pale delicate pink flowers similar to alpina. 6 to 8 inches. Early Spring.

Long Spurred Columbine

AQUILEGIA—Columbine

- Crimson Star** 3 for \$1.25 10 for \$3.75
A sturdy free flowering plant. Long crimson spurs with white petals. A valuable plant in the border.
- Scott Elliott Long Spurred Hybrids** 3 for \$1.15 10 for \$3.25
Long spurred columbines are unequalled for their range of colors and sturdiness.

ARMERIA—Sea Pink

- Cephalotes Rubra** 3 for \$1.15 10 for \$3.25
Dwarf growing, grassy leaves and a tufted habit of growth. Deep pink flowers, 8 to 10 inches high. Blooming from May until July.

ARTEMISIA—Sage Brush

- Silver King** 3 for \$.90 10 for \$2.50
A frosted silver contrast plant. 3 feet high. Sprays may be cut to mix with winter bouquets.

CARNATIONS—Hardy Border

- Scarlet and Red Shades** 3 for \$.90 10 for \$2.50
An abundance of double and single red and scarlet flowers on long stems. Lovely for cutting. June and July. Cut back all flower stems after blooming.

CAMPANULA—Bellflower

- Carpatica (Carpathian Harebell)** 3 for \$1.00 10 for \$2.75
A neat species growing in compact tufts about 8 inches high. Clear blue flowers held on strong stems. Blooming from June until October. Use in the border or rock gardens.
- Carpatica Alba** 3 for \$1.00 10 for \$2.75
A pure white form of the above.
- Persicifolia Coerulea** 3 for \$1.00 10 for \$2.75
One of the finest Campanulas, with large, handsome white bell-shaped flowers. 2 feet. June and July.
- Rotundifolia (Harebells)** 3 for \$1.00 10 for \$2.75
Clear blue flowers 1 foot high. Especially suited for rock crevices or steep slopes. Plant this flower to show its pendant habit. Does well in light shade.

Chrysanthemum Maximum

CANTERBURY BELLS

Calycanthema (Cup and Saucer)
Blue, Pink, and White 3 for \$.85 10 for \$2.25
Tall plants covered with large cup-and-saucer-shaped flowers. During May and June. One of the loveliest of biennials and perfect for an old fashioned garden.

Media. Blue, Pink, and White 3 for \$.85 10 for \$2.25
The same type of growth as above. Flowers do not have a "saucer" but are bell shaped.

CHRYSANTHEMUM MAXIMUM

Shasta Daisy

Alaska 3 for \$.90 10 for \$2.50
Free flowering large glistening white flowers on long stems. June and July.

King Edward 3 for \$1.00 10 for \$2.75
An English strain, with larger flowers than Alaska, lovely foliage. June and July.

Admiral Byrd 3 for \$1.25 10 for \$3.75
Large, pure white blooms, petals deeply lacinated. The fringy, fluffy petals make this variety outstanding. Has a long season of bloom and widely used for display and flower arrangements.

Anemone Whirlwind
See page 21

Ester Read 3 for \$1.25 10 for \$3.75
A very popular everblooming variety. The large petals are double and centers crested over, giving it great value in bouquets. The petals are stiff with no drooping, borne on long stiff stems, often 20 inches high.

G. Marconi 3 for \$1.25 10 for \$3.75
A new variety with shaggy double white petals on long stems. This variety will bloom continually if kept cut. A worthy plant to have in the garden.

Giant Chiffon 3 for \$1.25 10 for \$3.75
A dwarf growing variety, with pure white flower blooms. A double row of petals around a glowing yellow center, makes this a very attractive plant.

Majestic 3 for \$1.25 10 for \$3.75
An outstanding variety. Its immense blooms, which are 5 to 6 inches in diameter are supported by 24 to 30 inch stems. The double row of straight overlapping petals makes the flower full and compact. A very hardy variety withstanding unfavorable conditions.

Chrysanthemums

Astrid 3 for \$1.25 10 for \$4.50
This is a hybrid of the very extremely hardy species Chrysanthemum Articum. The single daisy-like flowers are three inches or more in diameter, and a lovely shade of shell pink, with a bright yellow center. The foliage is attractive, not bothered with diseases or insects.

Avalanche 3 for \$1.50 10 for \$4.50
Queen of all the whites; this is a big fluffy handsome mum. Perfectly formed.

Burgundy 3 for \$1.50 10 for \$4.50
A rich cerise-crimson with deeper tones near the center. A lovely double, sweet scented flower. In full flower October 10th.

Chippewa 3 for \$1.50 10 for \$4.50
A warm rosy velvet, deep color in bud and lighter as flower develops. Yellow center when full open; long stems make this good for cutting.

Crimson Splendor 3 for \$1.25 10 for \$3.75
A lovely rich crimson, a ruffled informal flower. Always dependable.

Hardy Carnation
See page 21

**Chrysanthemum King Midas**

Eugene Wander 3 for \$1.50 10 for \$4.50

The biggest, finest, earliest yellow. A brilliant glistening, golden yellow beauty in bloom September 21st.

Glory of Seven Oaks 3 for \$1.25 10 for \$3.75

Soft clear yellow, free flowering, one of the first to bloom. A great favorite. Late September.

Granny Scoville 3 for \$1.50 10 for \$4.50

A clear glowing coral bronze, well formed fluffy flowers. One of the loveliest garden mums we have.

Romany 3 for \$1.50 10 for \$4.50

A glowing carmine red, with fine bronze red tones. Large full double flowers, produced freely.

King Midas 3 for \$1.25 10 for \$3.75

Double flowers, a charming shade of soft yellow blooming continuously from late September through October.

Canterbury
Bells
Media

Louisa Schling 3 for \$1.50 10 for \$4.50

Large size double flowers. Glowing salmon-coppery red in color, changing to a soft salmon bronze as flowers mature.

Mrs. H. Harrison 3 for \$1.00 10 for \$2.75

An excellent pompon, large clusters of full double pink flowers with cream pink center.

Mrs. F. H. Bergen 3 for \$1.00 10 for \$2.75

A lovely pale pink variety. The center of the flowers a creamy white. Of medium height and solid for its fine foliage.

Mrs. Pierre S. duPont 3 for \$1.50 10 for \$4.50

A soft pink blended with a mauve undertone. And lovely, large, perfect-shaped flowers carried on tall branches. In full flower early October.

Red Velvet 3 for \$1.50 10 for \$4.50

Rich velvety-crimson with glowing sheen; the color gradually changes to an even darker crimson as flower matures. A true aristocrat.

Tavasia 3 for \$1.25 10 for \$3.75

Pure white large flowers, completely covering the plant. One of the best early white varieties. September blooming.

Uvalda 3 for \$1.00 10 for \$2.75

A large flowering variety. A lovely white with a trace of pink in the petals. Best described as a bluish-white.

Virgin Gold 3 for \$1.00 10 for \$2.75

A pale yellow and creamy white, soft and sparkling. A neat, compact two foot plant, blooming very early in the fall. In full flower September 20th.

Delphinium

Gaillardia

LOVELY KOREAN HYBRIDS—Single Flower

- Apollo** 3 for \$1.00 10 for \$2.75
A combination of reddish bronze and gold. Real showy.
- Ceres** 3 for \$1.00 10 for \$2.75
A lovely shade of old gold, overlaid chamois yellow. Excellent.
- Niobe** 3 for \$1.00 10 for \$2.75
Glistening white flowers completely cover this plant.
- Nyssa** 3 for \$1.00 10 for \$2.75
A tall, clear rosy lilac with a raised button center of orange gold.

CUSHION CHRYSANTHEMUMS

These plants grow about 18 inches high making a mound of two or more feet wide. Bloom in September.

- Bronze Cushion** 3 for \$1.00 10 for \$2.75
A distinct bronze overlaid with salmon. One of the showiest.
- Pink Cushion** 3 for \$1.00 10 for \$2.75
Light pink flowers, hundreds of them making a mound two feet across.
- Rose Cushion** 3 for \$1.00 10 for \$2.75
Rose pink, deeper in color than pink cushion, but same habit.

Delphiniums

Giant Pacific Hybrid Delphiniums

We offer here, the finest, and the newest delphiniums that have ever been developed. Among these new hybrids you will find a wide range of colors from the palest shade of blue to the darkest velvet purple. They are borne on strong stems and of immense size, excellent for cutting.

- Bluebird** 3 for \$1.50 10 for \$4.50
Clear medium blue, with a definite clear white bee.
- Black Nights** 3 for \$1.50 10 for \$4.50
Very dark blue, individual flowers a beautiful round form, with heavy texture.

- Blue Jay** 3 for \$1.50 10 for \$4.50
Clear medium blue with dark bee.
- Camelaird** 3 for \$1.50 10 for \$4.50
A pure lavender color.
- Galahad Series** 3 for \$1.50 10 for \$4.50
Clear white flowers, with a very heavy glistening texture. Pyramidal spikes and well-placed flowers.
- Guinevere Series** 3 for \$1.50 10 for \$4.50
Light pink-lavender with white bee; large spikes.
- King Arthur Series** 3 for \$1.50 10 for \$4.50
Brilliant royal violet with large white bee; long graceful spikes.
- Summac Skies Series** 3 for \$1.50 10 for \$4.50
Clearest light blue with white bee.
- Round Table Mixed** 3 for \$1.50 10 for \$4.50
Here is a grand mixture of all the Pacific Hybrids. Excellent for planting in bold clumps of six or more.

DELPHINIUM—Larkspur

- Wrexham Hybrids** 3 for \$1.25 10 for \$3.75
Stately summer flowering perennials of great beauty. The range of colors varies from palest shade of blue to the deepest purple. Having both single and double blossoms. Large conical spikes with enormous individual flowers. One of the best.
- Blackmore and Langdon Hyb.** 3 for \$1.00 10 for \$2.75
English strain, with rigid erect spikes of blue, mauve, and pink shades. Excellent for cutting.
- Belladonna** 3 for \$1.00 10 for \$2.75
Profuse blooming light sky blue flowers. Should be planted in bold masses in the border.
- Bellamosa** 3 for \$1.00 10 for \$2.75
A dark blue form, stronger growing than Belladonna.

DICENTRA—Bleeding Heart

- Spectabilis** 3 for \$1.35 10 for \$4.25
An old-fashioned perennial with long racemes of graceful heart shaped pink flowers. Does well in any part of the border. For best results plant in clumps of three or more.
- Eximia (Plumy Bleeding Hear)** 3 for \$1.20 10 for \$3.75
Dwarf growing, with beautiful fine cut foliage. Flowering all summer. The lovely pink flowers do well in either sun or shade.

Pink Cushion Chrysanthemum

Dianthus

PINKS

Beatrice 3 for \$1.20 10 for \$3.75

An ever-blooming cluster of pure pink blossoms, constantly in bloom from June until frost.

Furst Bismarck 3 for \$1.20 10 for \$3.75

Similar in habit and bloom to Beatrice. The flowers are a darker pink. More like a watermelon pink.

Heuchera Sanguinea

Plumarius Mixed 3 for \$1.00 10 for \$2.75

Double and single blossoms of all possible shades. Their free flowering habit, and exquisite fragrance makes this one of the most popular variety.

Highland Hybrids 3 for \$1.00 10 for \$2.75

A magnificent strain of hardy pinks. Stronger growing and larger flowers than other varieties. Colors range from red thru pink to white.

Highland Queen 3 for \$1.00 10 for \$2.75

In bloom from early spring until late Fall. A wide range of colors and markings. The most satisfactory pinks for garden decoration and cutting.

Cushion Pink 3 for \$1.20 10 for \$3.75

Very compact in growth making a cushion of glaucous leaves from which, in May, spring sweet smelling rose colored flowers on 6 inch stems. Easily grown and a very fine rock plant.

DIANTHUS BARBATUS—Sweet William

Pink Beauty 3 for \$.90 10 for \$2.50

A beautiful salmon pink variety which should be grown in every garden.

Rich Crimson 3 for \$.90 10 for \$2.50

Scarlett 3 for \$.90 10 for \$2.50

Mixed Shades 3 for \$.90 10 for \$2.50

DIGITALIS—Foxglove

Giant Shirley Hybrids 3 for \$1.00 10 for \$2.75

Tall stately flower heads. 3 feet high covered with big bell-shaped blossoms. Colors range from white to deepest rose. Many dotted with crimson. Best transplanted in spring about 8 inches apart. Ordinary soil in sun or shade.

DORONICUM—Leopard Bane

Caucasicum 3 for \$1.35 10 for \$4.25

Very show perennials. Large, bright yellow flowers. Blooming early in the spring. Does well in partial shade. Will bloom again if flower heads are removed. Height 3 feet.

FUNKIA—Plaintain-Lily

Subcordata Grandiflora 3 for \$1.20 10 for \$3.75

Large ovate leaves light green in color. Flowers large pure white lily-shaped, fragrant, appearing in August. Does well in a warm sunny location also as edging around pools.

GAILLARDIA—Blanket Flower

Grandiflora 3 for \$.90 10 for \$2.50

Lovely shades of orange-yellow and red. Daisy like appearance, blooming continually all summer and fall. Does well in hot dry locations. Excellent for cutting.

GYSOPHILA—Baby's Breath

Bristol Fairy 3 for \$1.25 10 for \$3.75

Large double white flowers, flowering continually throughout the summer. Highly prized for cutting and used extensively as fillers in bouquets. Thrives in any well-drained soil; prefers a sunny position. We have some fine 2 year field grown plants that will give utmost satisfaction.

Paniculata 3 for \$.85 10 for \$2.25

Blooming in August and September, forming a mass of minute white flowers, having a beautiful gauze like appearance.

Hemerocallis

Hemerocallis

DAY LILIES

Hybridizers have wrought wonders with the old-fashioned Day Lily. The improvements include a wider color range, and extended period of bloom, larger flowers, and sturdier plants. What is more, Hemerocallis are amazing in their adaptability; they are extremely hardy, and will thrive under the most ordinary conditions, blooming in full or partial shade. Their vigor is especially evident in dry seasons, and insect pests have little effect on them.

Florham 3 for \$1.20 10 for \$3.75

Sweet scented, clear yellow, blooming in June.

Minor 3 for \$1.20 10 for \$3.75

A dwarf sort with pale yellow flowers. May and June.

Cinnabar Each \$.85 3 for \$2.25

Orange base, sprinkled cinnamon, recurving petals. Very free flowering. July.

D. P. Wyman Each \$.85 3 for \$2.25

Golden yellow with tawny splashes. Late June and July.

Goldeni Each \$.85 3 for \$2.25

Deep golden orange; attractive in form; very free flowering. Late June until August.

Hyperion Each \$.85 3 for \$2.25

The most popular and beautiful of all Day Lilies. The large flowers are pure canary yellow, appearing in August. A prolific bloomer, it makes a spectacular showing. Plant in groups of three and watch them grow more beautiful every year.

HOLLYHOCKS

Handsome garden flowers. Should be grown in groups of three or more. We offer separate colors as follows: Rose, Maroon, Newport Pink, White, Yellow, and Mixed.

Double 3 for \$.90 10 for \$2.50

HIBISCUS—Mallow

Mixed Colors 3 for \$.90 10 for \$2.50

A tall plant about 4 feet high, having immense pink, white, and red colors. Hollyhock-like flowers freely produced during summer months.

IBERIS—Candytuft

Sempervirens 3 for \$1.00 10 for \$2.75

Fine edgings of walks or as margin of herbaceous border. About 8 inches in height. Its rich dark green foliage is covered with a mass of white flowers during May.

Iris

Alcazar 3 for \$.90 10 for \$2.50

Light bluish violet with deep purple drooping petals, throat is veined bronze. A striking variety.

Ambassadeur 3 for \$.90 10 for \$2.50

A fascinating velvety purple standards with purple maroon falls, bearded yellow.

Mrs. Valerie West 3 for \$.90 10 for \$2.50

Standards are a soft bronze with a tinge of lavender. Falls rich crimson velvet.

Queen Caterina 3 for \$.90 10 for \$2.50

A clear orchid-purple veined gold. The beard a bright orange.

Souv. de Mme. Gaudichau 3 for \$.90 10 for \$2.50

A rich deep velvety purple. Tall and very distinct.

Susan Bliss 3 for \$.90 10 for \$2.50

A lovely bright rose pink. Large and handsome.

Violacea Grandiflora 3 for \$.90 10 for \$2.50

A very large, very fragrant deep lavender blue.

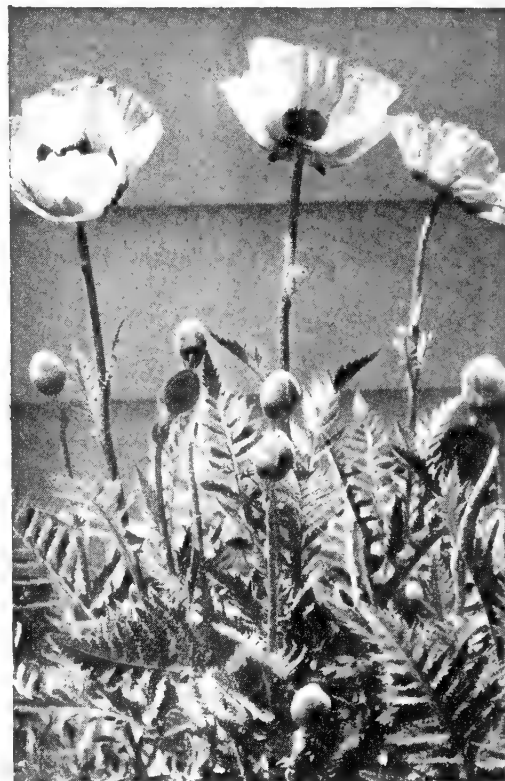

LAVENDULA—Lavender

Vera 3 for \$1.20 10 for \$3.75

The true sweet lavender. Delightful blue flowers in July and August. Leaves aromatic and valued for drying.

Iceland Poppy

Oriental Poppy

LIATRIS—Blazing Star

Pycnostachya 3 for \$.90 10 for \$2.50

Very attractive and unusual in appearance, long narrow spikes of rich purple flowers, appear in midsummer. Grows about 4 feet high, blooms last a long time.

LUPINUS—Lupine

Colors are: Rose, White, Blue, and S&H Fragrant Hybrids 3 for \$1.00 10 for \$2.75

Stately and beautiful perennials, bold spikes about 3 feet high, of pea-shaped flowers. Perfectly hardy. Should be grown in colonies.

MONARDA—Bee-Balm

Cambridge Scarlet 3 for \$.90 10 for \$2.50

Brilliant crimson flowers freely produced from June until August. Excellent plant for wild gardens or perfectly at home in hardy border.

PACHYSANDRA—Spurge

Terminalis, 2 year plants from 3" pots. 10 for \$3.75 100 for \$32.50

Trailing plants 6 to 8 inches high, forming broad mats of glossy green leaves. A ground cover which will grow in all shady situations. Useful under evergreen or shrub plantings, for edging walks and drives, or to cover steep banks. Strong plants from pots.

Poppies

PAPAYER—Oriental Poppy

For a gorgeous display during June, plant Oriental Poppies. Their rich and brilliant coloring can not be equalled. Large blossoms on strong 3 foot stems. Grows well in any location, but prefers a rich loam. Field grown plants are supplied in August. During the spring, strong plants are supplied in pots to insure success.

Betty Ann Each \$.65 3 for \$1.65 10 for \$5.00

A beautiful crinkled flower, of a LaFrance Pink shade.

- Cerise Beauty** Each \$.65 3 for \$1.65 10 for \$5.00
A medium sized flower, cerise pink, strong stems.
- Glowing Embers** Each \$.55 3 for \$1.45 10 for \$4.25
Deeply crinkled, lovely cup shaped blooms of medium red.
- Helen Elizabeth** Each \$.60 3 for \$1.50 10 for \$4.50
One of our best pinks, tall stems of beautiful pink blooms.
- Henryi Cayeux** Each \$.60 3 for \$1.50 10 for \$4.50
Large blooms of rose pink shading to burgundy.
- Jeanne Mawson** Each \$.55 3 for \$1.45 10 for \$4.25
Tall sparkling geranium pink. A beauty.
- Mandarin** Each \$.55 3 for \$1.50 10 for \$4.50
A splendid Chinese red, with no spots on flowers of established plants.
- Mrs. Perry** Each \$.55 3 for \$1.50 10 for \$4.50
Orange-apricot. A very fine variety.
- Olympia** Each \$.55 3 for \$1.50 10 for \$4.50
Upon opening appear double; stamens appear as it matures. Brilliant rich flame overlaid with salmon.
- Rose Beauty** Each \$.55 3 for \$1.50 10 for \$4.50
A deeply crinkled cup. Lovely rose pink in color.
- Sass Pink** Each \$.65 3 for \$1.65 10 for \$5.00
Light flesh pink with grey mauve center. One of our largest and best varieties.

PAPAVER NUDICAULE—Iceland Poppy

- Sunbeam Mixture** 3 for \$.90 10 for \$2.75
Forms a tuft of light green foliage, fern-like in appearance, from which yellow, orange, white, and pink cup-shape flowers appear on 12-inch stems.
- Giant Sanford** 3 for \$.90 10 for \$2.75
A strong growing variety, with many shades of orange and pink flowers on stiff stems. Excellent for a sunny border. Perfectly hardy.

PENSTEMON—Beard Tongue

- Pink Beauty** 3 for \$1.50 10 for \$4.50
A lovely clean shell pink. A beautiful cut flower. Bell-shaped blooms on 3-foot spikes. Should be grown in clumps of six or more. An excellent companion plant for Gypsophila.

PHYSOSTEGIA—False Dragon's Head

- Virginica Vivid** 3 for \$1.00 10 for \$2.75
An excellent plant about 20" high. Blooms during July. Deep pink flowers on spikes. An excellent cut flower.

Physostegia

Peonies

Peonies are long lived plants and do not require transplanting only once every three or four years. Therefore care should be taken in choosing a place they are to be planted. Choose a sunny location, and dig in a liberal quantity of well-rotted manure. Place them so the eyes are about an inch below the ground.

- Albatre** Each \$1.00 3 for \$2.75
Very large, perfectly formed flower; milk white shaded ivory, a tinge of pink at outer edges of petal.
- Baroness Schroeder** Each \$1.00 3 for \$2.75
White with shadings of flesh. This is one of the finest peonies. Its immense flowers are freely produced. Very fragrant.
- Claire DuBois** Each \$1.00 3 for \$2.75
A pleasing shade of satiny pink. Large compact bomb shaped. Fragrant.
- Duchess de Nemours** Each \$1.00 3 for \$2.75
A most desirable variety. Pure white with a tinge of sulphur near center of bloom.
- Edulis Superba** Each \$1.00 3 for \$2.75
Dark pink, large, loose, flat crown when fully open. Very fragrant, upright growth; early bloom.
- Festiva Maxima** Each \$1.00 3 for \$2.75
Paper white, crimson markings near center. Very large, tall, an earlier bloomer.
- La Candeur** Each \$1.00 3 for \$2.75
One of the good early pinks. The color is uniform soft lavender pink splashed with deeper lavender.
- Madame Duce** Each \$1.00 3 for \$2.75
Very large, delicate shell pink, blooms are compact bomb shaped.
- Mad. de Vernier** Each \$1.00 3 for \$2.75
Flowers very large, compact, petals delicate waxy white. Petals crumbly and incurved. A beautiful peony. Free bloomer.
- Marcelle Dessert** Each \$1.00 3 for \$2.75
Exquisite pointed buds, opening into large compact flowers of milk white, with a faint tinge of pink on the petals.
- Margaret Gerard** Each \$1.00 3 for \$2.75
A fine flower of hydrangea pink color, with a center of pale yellow shading to white.
- Marie Jacquelin** Each \$1.00 3 for \$2.75
Glittering pure white. A most lovely and desirable variety. The double row of petals with the golden center remind one of a cluster of water lilies.
- Mon. Jules Elie** Each \$1.00 3 for \$2.75
A beautiful silvery pink. One of the largest, handsomest, and most lasting cutting sorts in existence.
- Officinalis Rubra** Each \$1.00 3 for \$2.75
Rich deep crimson; the great Decoration Day Peony. This is an old favorite. Plants can remain undisturbed for years.
- Sarah Bernhardt** Each \$1.00 3 for \$2.75
Apple-blossom pink, very free blooming and flowers of perfect form on graceful stems. An ideal pink cut flower Peony.
- Souv. de Louis Bigot** Each \$1.50 3 for \$4.25
Flowers, large, bright bengal-rose, slightly tinged carmine at base, changing to salmon pink. The color of this peony does not fade in the sun; an unusually fine peony, blooming late.

Phlox Mrs. Jenkins

Hardy Phlox

Africa 3 for \$1.00 10 for \$2.75
Brilliant carmine red with a darker eye. Flower heads are large and stems are strong.

B. Comte 3 for \$1.00 10 for \$2.75
A tall growing variety; heads are brilliant satiny-amaranth. Plant this near a yellow flowering plant for good color effect.

Eclaireur 3 for \$1.00 10 for \$2.75
An attractive red purple with a pale white eye.

Flash 3 for \$1.20 10 for \$2.75
A new variety, a brilliant crimson red. We feel it is the best red we have seen.

Glorie du Maroc 3 for \$1.00 10 for \$2.75
Purplish blue heads with crimson eye; a strong grower and very showy.

Lillian 3 for \$1.00 10 for \$2.75
Lovely pure pink. Flower heads large and always retain their delicate pink shade. Blooms profusely all summer.

Mrs. Jenkins 3 for \$1.00 10 for \$2.75
Pure white late flowering, grows fast and is of medium height. Few varieties equal its free flowering habit.

Orange Beauty 3 for \$1.20 10 for \$3.75
A most brilliant orange, a strong grower, with good foliage. A worthwhile addition to any collection.

Prime Minister 3 for \$1.20 10 for \$3.75
Pure white flowers with carmine red eye. A striking clean looking phlox. Considered one of the best.

Rheinlander 3 for \$1.00 10 for \$2.75
A splendid old-time variety of good growing quality. Beautiful salmon pink flower heads on strong stems.

Pyrethrum

Ruby Lee 3 for \$1.20 10 for \$3.75
A mammoth flowered reddish purple variety without a trace of magenta coloring.

Ryndstrom 3 for \$1.00 10 for \$2.75
A lively rose pink borne on good strong stems.

Von Lassburg 3 for \$1.00 10 for \$2.75
A splendid mid-season variety. Tall stems, pure white heads and just the thing for the back of the border.

PHLOX SUBULATA—Moss Pinks

Alba 3 for \$.90 10 for \$2.50
Pure white flowers completely covering a neat compact plant. Flowering in May. A fine carpet plant and a good rock plant.

Atropurpurea 3 for \$.90 10 for \$2.50
Deep carmine red, shading purple, making a brilliant display.

Rosea 3 for \$.90 10 for \$2.50
Rose-pink flowers, thrives in hot dry situations, blooms profusely.

Sedum Spectabilis

FRUIT GROWERS!

It's easy to grow perfect fruit if you know how. We would like to tell you how it's done and help you solve your fruit problems.

Here are a few things we told our readers in recent issues: Identifying Insect Injuries, The Insecticide DDT for Fruit Insect Control, Identifying Disease Injuries, How to Handle a Picking Crew, How Much Cold Can Fruit Take and How to Identify Varieties.

Do you know what varieties are best to plant? Are you planning to build a cold storage? Are you looking for something new in fruit packages? These questions and many others will be answered in future issues of America's leading fruit magazine, the **AMERICAN FRUIT GROWER**.

No place can you get so much for so little . . . 36 profusely illustrated issues packed full of timely information for every fruit grower, and for only \$1.00.

Mail the coupon today with your remittance (at our risk) direct to the **AMERICAN FRUIT GROWER**, 1370 Ontario St., Cleveland 13, Ohio.

STOKESIA—Corn Flower Aster

Coerulea 3 for \$1.00 10 for \$2.75
Beautiful light blue flowers, produced profusely in late summer on 18 inch stems. Fine for the front of the border or as a cut flower.

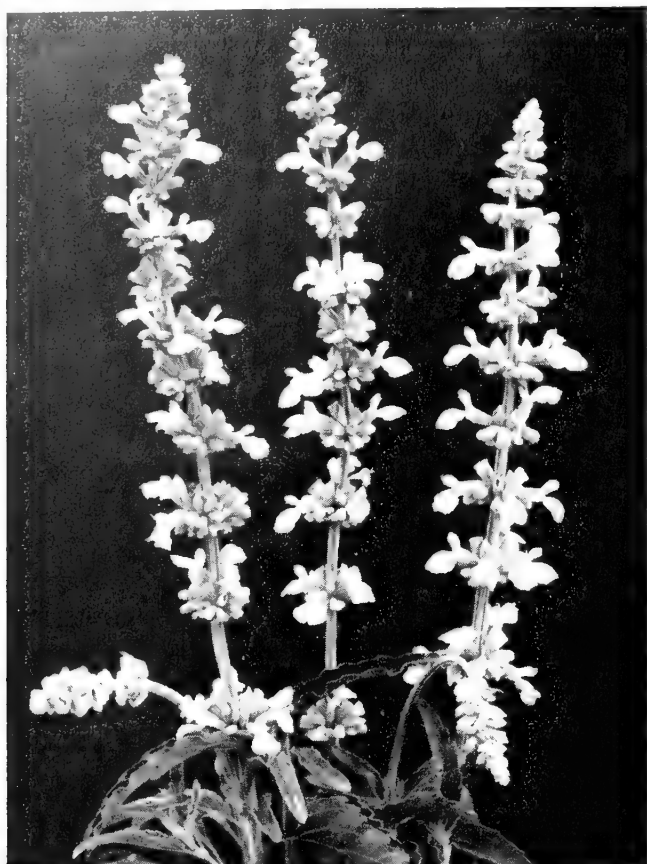

Alba 3 for \$1.00 10 for \$2.75
White form of the above.

Veronica Spicata

TEUCRIUM—Germander

Chamaedrys 3 for \$1.20 10 for \$3.75
Glossy green foliage resembling boxwood. It is used widely as an edging or hedge plant where a dwarf hedge is desired. It grows up to 10 inches and can be clipped into formal shape.

Salvia Pitcheri

TRADESCANTIA—Spider-wort

Virginica 3 for \$.90 10 for \$2.50

This plant produces a succession of bloom all summer. Blue flowers on eighteen inch stems. Does well in light shade; grows well in any location.

TRITOMA—Red Hot Poker

Pfitzeri 3 for \$1.20 10 for \$3.75

Rich orange scarlet flowers appear on stems 3 feet high during August.

Quartiniana 3 for \$1.15 10 for \$3.25

Orange red at first, but yellow on bottom half as the bloom matures. A strong growing variety blooming late in May or early June.

TROLLIUS—Globe Flower

Orange Globe 3 for \$1.20 10 for \$3.75

Free flowering, orange yellow, cuttercup like blossoms on eighteen-inch stems. An excellent summer flower. Does well in light shade and moist locations.

VALERIANA—Garden Heliotrope

Coccinea 3 for \$1.00 10 for \$2.75

Showy heads of old rose flowers on 18-inch stems produced from June until September. Does well in dry sunny locations.

VERONICA—Speedwell

Spicata 3 for \$1.00 10 for \$2.75

Long spikes of violet-blue flowers produced all summer. An excellent variety for the border. Does well in ordinary soil.

VIOLA ODORATA—Sweet Violet

Prince of Wales 3 for \$1.20 10 for \$3.75

Rich, deep purple color. Very fragrant. One of our best violets. Does well in light shade.

Rosina 3 for \$1.20 10 for \$3.75

Charming pink and rose flowers deliciously fragrant. Extremely useful for edging walks and borders.

Frey's Fragrant 3 for \$1.20 10 for \$3.75

Rich purple flowers, with attractive foliage. Blooms profusely spring and fall.

Catherine Sharpe 3 for \$1.25 10 for \$3.75

A splendid hardy blue Viola. The flowers are large and grow on stiff stems, that places them well above the foliage. The leaves make a neat compact clump. Does well in light shade. A distinct yellow eye combined with a good dark blue makes this one of our best Violas.

Jersey Gem 3 for \$1.20 10 for \$3.50

Pure violet flowers. Slightly fragrant. Foliage making neat clumps that sets off the beauty of these charming flowers.

VIOLA CORNUTA—Tufted Pansies

Arkwright Ruby 3 for \$1.00 10 for \$2.75

A very free flowering sort producing lovely pansy-like flowers of rich salmon, pink, and orange.

Black Imperial 3 for \$1.00 10 for \$2.75

Very dark purple flowers blooming almost continually.

Catherine Sharpe 3 for \$1.20 10 for \$3.75

Large flowers on stiff stems, placing them well above the foliage. Plants develop into nice round compact clumps. Flowers larger than Jersey Gem.

Jersey Gem 3 for \$1.20 10 for \$3.75

One of the finest English bedding varieties. Dwarf habit, flowers a pleasing shade of purple.

VINCA—Trailing Myrtle

Minor 3 for \$1.00 10 for \$2.75 100 for \$25.00

A trailing evergreen plant, used extensively as carpeting areas under trees and shrubs or on steep banks where grass cannot be grown. Strong field grown plants.

YUCCA—Adam's Needle

Filamentosa 3 for \$1.00 10 for \$2.75

Broad, sword-like, evergreen foliage and immense branching spikes of drooping, creamy white flowers. Sometimes 5 feet high. A striking handsome subject.

Globe Flower

HARDY GARDEN LILIES

Lilies do best in the hardy border or among shrubbery. Once established, they will increase in beauty each year.

Henryi 3 for \$1.50 10 for \$4.50

A splendid garden plant, vigorous in its growth, reaching six feet or more in height when established. Bears fifteen to twenty flowers of rich orange-yellow. Does well in all types of soils. Blooming in August and September.

Regale 3 for \$1.25 10 for \$3.75

One of the most beautiful, hardy lilies one can grow, worthy of a place in every garden and likes good loam and sunshine. Its trumpet shaped blooms are white streaked with brown. The center is yellow fading to white at outer edges. When firmly established bears as many as 15 to 20 flowers on strong stems.

Speciosum Rubrum 3 for \$1.75 10 for \$5.50

Rich ruby carmine, margined white. Stands out prominently on account of its vigorous growth as well as its size and deep coloring.

Tigrinum Flore-Pleno (Double) 3 for \$1.35 10 for \$4.00

The large shapely flowers are rich dark salmon orange spotted glossy black. Of easy culture; August and September flowering.

Lilium Speciosum Rubrum

Umbellatum 3 for \$1.35 10 for \$4.00

Large straight funnel-shaped flowers of burning red orange in color. Flowers in June and July; stems 2 ft. high.

COLLECTION OF LILIES 1 Each of 5 Varieties \$2.00 2 Each of 5 Varieties \$3.50

LARGE FLOWERING CANNAS

CANNAS bloom from early summer until frost in all sections of the country. They succeed best in a sunny position and in practically any kind of soil; they will respond readily to a good treatment and if you will incorporate in your soil a generous supply of well decayed manure. You will be more than repaid for your efforts. Give plenty of moisture during the growing season.

All varieties have green foliage unless otherwise specified.

Dormant roots 2 to 3 eye roots. Available March 15 to April 15th. 3 for \$.75 10 for \$2.00

City of Portland. One of the best pink cannas of medium height, rich silvery pink flowers.

King Humbert. Orange scarlet, with bronze foliage. Grows 5 feet high.

Rosemond Cole. Massive orchid type flowers. Deep reddish orange with a border of golden yellow.

Shenandoah. Bronze foliage, showy salmon pink flowers.

The President. Extra large trusses of glowing scarlet. One of the finest cannas offered today.

Richard Wallace. Canary yellow flowers; luxuriant foliage and medium height.

Hungaria. Large trusses of clear pink flowers. Always admired for their size and brilliance. Medium height.

Wyoming. Bright orange flowers; stately bronze foliage. Rich and showy. Tall growing.

Yellow King Humbert. Deep rich yellow, spotted red, medium height.

GLADIOLI

Alladin 6 for \$.45 10 for \$.80
 Reddish carmine blooms, with a well-blended creamy spot in the throat. A well-formed flower.

Algonquin 6 for \$.75 10 for \$1.10
 A brilliant scarlet, with a magnificent spike, good grower. One of the best new red varieties of recent introduction.

Big Top 4 for \$1.00 10 for \$2.00
 Immense. Light pink with small carmine throat. A sturdy grower, spikes average 40 inches and 7 flowers open at one time.

Black Opal 6 for \$.75 10 for \$1.00
 A new variety. Rich, very well-spaced flowers of fine form. A splendid grower.

Blue Beauty 6 for \$.60 10 for \$.95
 Light blue in color with edge of petals lined in violet rose. Large florets and fine form. A prize winner.

Corona 6 for \$.80 10 for \$1.25
 Delicate creamy white with pink edging. A new kind that we cannot praise too much.

Elizabeth, The Queen 3 for \$1.00 10 for \$2.80
 Lavender in color, beautifully ruffled. A fine exhibition variety.

Ethel Cave Cole 6 for \$.80 10 for \$1.25
 Massive spikes of light pink florets. A really nice flower.

Glamis 4 for \$.80 10 for \$2.25
 A clear salmon rose with a creamy lip, large open ruffled flowers. Experts say it is finest pink glad grown to date.

Greta Garbo 6 for \$.50 10 for \$.90
 A beautiful symphony of cream and rose. A prize glad. Always wins the admiration of everyone who sees it.

King Lear 6 for \$.50 10 for \$.90
 A huge ruffled glad. One of the best for bold effects. A new kind that is outstanding.

Gladiolus

Lady Jane 6 for \$.80 10 for \$1.25
 Clear light cream with yellow lip. The general appearance is light yellow. A fine exhibition variety.

Leading Lady 2 for \$1.00 10 for \$4.80
 Outstanding creamy white, a sport of Picardy. Leading show winner last year. Can't be beat.

Margaret Beaton 6 for \$.80 10 for \$1.25
 Huge glistening white flowers with brilliant scarlet throat. A large sturdy plant. One you should have.

Misty Dawn 6 for \$.80 10 for \$1.25
 Soft smoky gray with smoky orange red blotch. A strong grower.

Mother Kadel 6 for \$.80 10 for \$1.25
 Best yellow we have today. A clear medium yellow without any foreign color.

Pink Radiance 6 for \$.80 10 for \$1.25
 Probably one of the most outstanding pinks we have. Will open as many as 11 flowers on a 24-inch spike.

R. B. 6 for \$.80 10 for \$1.25
 Huge flower, rusty bronze on old rose. A novelty but a sure winner in its color class.

Red Charm 4 for \$1.00 10 for \$2.00
 Probably the best red in existence. Sturdy spikes opening as many as ten blossoms at once.

Rima 6 for \$.50 10 for \$.90
 A beautiful shade of soft lavender should be combined with a pale yellow variety.

Rosa van Lima 6 for \$.45 10 for \$.80
 Lovely pure self colored light pink, fine straight stems with many flowers open at one time.

Shirlev Temple 6 for \$.45 10 for \$.80
 Immense cream colored ruffled flowers on a long, strong spike. The throat is tinted bluish pink.

Snow Princess 6 for \$.45 10 for \$.80
 A creamy white that will surpass most whites of the present date.

Vagabond Prince 6 for \$.45 10 for \$.80
 A lovely combination of mahogany and bronze shading with a golden sheen, lighter in throat with small dull scarlet blotch, blending well with the general color. Truly a "Prince" of a flower.

Wanda 6 for \$.45 10 for \$.80
 Deep rich cream color with a small lavender throat. A sport of Picardy.

Large Flowered Gladioli Mixture

25 Bulbs for \$2.50 100 Bulbs for \$8.00

For a glorious combination of colors in your garden, also for an ample supply of cut flowers plant a hundred bulbs of this glorious mixture. The most popular varieties were used to make up this mixture and you cannot go wrong on these.

Plant a few every two weeks from April until July and you will have flowers from early summer until frost.

Gladioli are the easiest bulbs to grow and with a little care they will last for years.

S & H FRUITS

Bearing Age Fruit Trees

Speed the growth of your orchard. These trees are sure to give you satisfaction.

Customers in all sections of the country report wonderful success with our bearing age trees. Ideal for home orchard where quick results are desired. We have been growing these trees scientifically for years. They have had the necessary root pruning to produce an abundance of fibrous roots—which insures successful transplanting.

We offer the following varieties:

APPLES

Bearing Age Trees—Each \$5.00

Baldwin	King	R. I. Greening
Banana	Lodi	Rome Beauty
Cortland	McIntosh	Transcendent
Duchess	Dolga Crab	Turley
Early Harvest	Northern Spy	Wealthy
Early McIntosh	Rambo	Yellow Delicious
Gallia Beauty	Red Astrachan	Yellow Transparent
Kendall	Red Northern Spy	Stayman Winesap

PEARS

Bearing Age Trees—Each \$5.00

Anjou	Douglasi	Lincoln
Bartlett	Duchess	Rossney
Bosc	Flemish	Seckel
Cayuga	Garber	Sheldon
Clapps	Gorham	Tyson
Conference	Kieffer	

Apples

All 2 Year No. 1		Each	Five	Ten
$\frac{11}{16}$ inch caliper	5 to 6 feet in height	\$1.75	\$8.40	\$16.00
$\frac{9}{16}$ inch caliper	4 to 5 feet in height	1.50	7.15	13.50
$\frac{7}{16}$ inch caliper	3 to 4 feet in height	1.25	6.00	11.50

Baldwins (Winter). An old-time favorite, excellent yielder. Highly regarded as an eating and cooking apple. Fruit bright red, crisp, tender, and juicy.

Banana (Winter). An early bearer, fruit pale yellow with pink blush. Flesh fine-grained, rich sub acid, of high quality.

Cortland (Winter). A comparatively new apple of the McIntosh type. Fruit is large, round to somewhat conical in shape, bright red overlaid with darker red, brittle texture, juicy and good flavor.

Duchess (Autumn). A smaller growing tree than some of the other varieties. Fruit is large striped red and yellow. Flesh juicy and white. A good general purpose apple ripening in August and September.

Early Harvest (Summer). A popular variety because of its large size and bearing qualities. Fruit is pale yellow and fine flavor.

Grimes Golden (Winter). A good sized yellow apple, very productive, fine sub acid flavor.

Hyslop Crab (Winter). Here is the "jelly" apple. Large round fruits, deep crimson in color. Tree is very hardy, vigorous grower and productive.

Jonathan (Winter). A beautiful red apple, highly flavored of excellent quality, being tender, juicy, spicy, and rich. A splendid sort and highly profitable for market. Tree is long-lived, productive and an early bearer.

Kendall (Autumn). Handsomely colored dark red apple. Keeps a little longer than McIntosh and ripens about the same time.

King (Winter). A large red apple of good quality. Fine for home use, also for market. Here is one that is good to eat.

McIntosh (Autumn). The variety that every home should have. Deep crimson, highest quality, flesh white, fine-grained, juicy and tender. Trees hardy, vigorous growing, and a good annual bearer. Comes into bearing young, yielding large crops.

Red Astrachan (Summer). A beautiful deep crimson striped apple, juicy and good, though rather acid. Excellent for table use and makes a wonderful jelly.

Red Delicious (Winter). A large dark red apple with crisp, fine grained flesh of excellent quality and flavor. A splendid keeper and shipper. Unsurpassed for eating and the most popular fruit stand apple. Always brings high prices on leading markets and in strong demand for best trade. Tree vigorous and very hardy.

Red Northern Spy (Winter). This is a real favorite. It takes several years before it comes into bearing, but when it arrives at the bearing stage one is well paid for waiting; it ranks high in quality and is unexcelled for keeping. Fruit slightly conical, brightly striped, the sunny side red, flesh white, and tender.

Rhode Island Greening (Winter). These trees are of a large size and have a wide spread of branches. The most popular green cooking apple for winter use.

Stayman's Winesap (Winter). This tree is a large and rapid grower, coming into bearing at an early age. Fruit medium to large in size. Skin smooth, color green to yellow overlaid with dull red. Productive, early bearer.

Wealthy (Autumn). Beautiful moderate sized, brilliant red apple, fine quality, one of the best of its season; it is relatively a good keeper. The hardness of this tree and early bearing habits makes this tree a good filler.

Yellow Delicious (Winter). A bright golden apple of excellent quality. Firm, crisp, and very juicy. Splendid keeper. Bears young and heavily. Many of our customers say this is the finest yellow apple.

Yellow Transparent (Summer). Tree upright, and a very early and abundant bearer. Fruit of good size, skin clear white turning to pale yellow; flavor acid and very good.

Peaches

All 2 Year No. 1		Each	Five	Ten
$\frac{9}{16}$ inch caliper	$3\frac{1}{2}$ to 4 feet in height	\$1.50	\$7.15	\$13.50
$\frac{7}{16}$ inch caliper	3 to $3\frac{1}{2}$ feet in height	1.25	6.00	11.50
$\frac{5}{16}$ inch caliper	2 to 3 feet in height	1.00	4.75	9.00

Carman. Large, white fleshed, of fine quality. Very productive and hardy and thrives under many soil conditions.

Champion. An extremely large, handsome early variety, creamy white with red cheek. Hardy and productive, follows Carman in bearing.

Early Elberta. An excellent new variety resembling Elberta very closely, except a little rounder in shape and about 10 days earlier in ripening. Freestone.

Elberta. The greatest commercial variety on the market. It will thrive where any peach can be grown. Elberta is hardier in bud than many varieties, therefore, a more uniform cropper. It is large, yellow, with red cheek, juicy and high flavor; flesh, yellow, freestone. Season medium early.

Golden Jubilee. A larger early yellow peach of the Elberta type. Ripening three weeks ahead of Elberta. The skin is yellow blush red. Flesh juicy, tender and sweet, a good freestone.

Elberta

Hale Haven. A marvelous new peach, a result of crossing the famous J. H. Hale with South Haven. A large beautifully colored, yellow fleshed peach, ripening approximately 10 days ahead of Elberta. Perfect freestone, strong grower, and good shipper. The high color is present several days before the fruit ripens, thus allowing early picking for distant shipments.

J. H. Hale. An extra large peach, yellow overlaid with crimson. Flesh golden yellow, of delicious flavor. An excellent shipper. Prolific when pollenized with some other variety. All varieties that S. & H. offer are suitable for planting with Hale.

Lemon Free. Large, resembling a lemon in shape and color, very productive and most popular for home canning. A lovely flavor.

Rio Oso Gem. Here is an outstanding peach having the size and color of J. H. Hale but ripens during that period when there are few good peaches on the market. We are especially licensed by the patent owner to grow this fine variety. We can only ship this fine peach into the following states: Ohio, Indiana, Illinois, Michigan, Iowa, Minnesota, Missouri, and Wisconsin.

Rochester. Fruit large, yellow with attractive blush red, juicy, and delicious. A very fine canner, prolific, and an earlier bearer.

Salberta. A highly successful cross between the Salway and Elberta. The resulting variety has the size of Elberta. The lateness of ripening of Salway making a truly wonderful peach. Ripens late September.

Shippers Late Red. A rather new late variety that is fast becoming prominent. Ripens a few days after Elberta. Large yellow flesh, attractive, highly colored, freestone peach. Excellent for shipping and home canning.

Pears

2 Year No. 1		Each	Five	Ten
1 1/16 inch caliper	4 to 5 feet in height	\$1.75	\$8.40	\$16.00
9/16 inch caliper	3 to 4 feet in height	1.50	7.15	13.50
7/16 inch caliper	2 to 3 feet in height	1.25	6.00	11.50

Anjou. A high quality of pear, tender, flesh, pleasing aroma and flavor. Ripens in late October and November.

Bartlett. The fruit is large, clear yellow blushed, the flesh sweet and of good quality. Trees hardy and a young bearer. Matures in September.

Bosc. A fine quality late pear. Large, tapering russet, and an excellent shipping variety. Trees vigorous and long lived.

Clapp's Favorite. A large yellow pear, a favorite for home garden planting. Tree perfectly hardy. Fruit ripens August to September.

Duchess. Very large, rich and juicy. It is outstanding because of its enormous size and high quality. A prolific tree and a regular bearer. October to November.

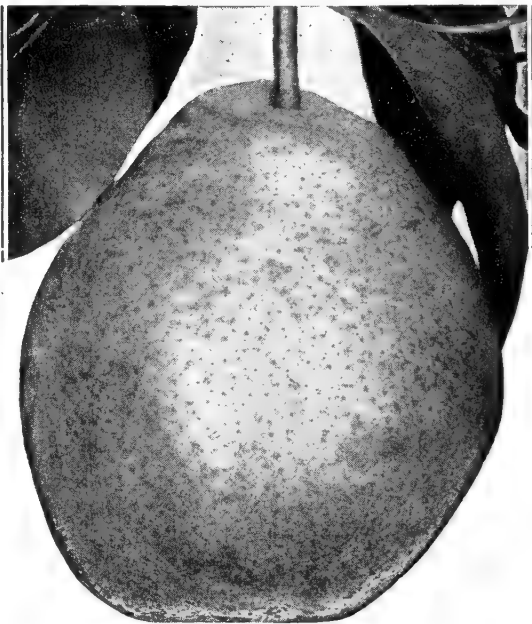

Flemish Beauty. A very handsome bright cheeked pear. Flesh yellowish white, firm, juicy, and sweet. September to October.

Gorham. Similar to Bartlett, ripens two weeks earlier and keeps a month longer. A very good variety for home use.

Kieffer. A large golden yellow pear with a blush on the sunny side. Very popular for canning, shipping, and freezing.

Seckel. A popular variety because it is blight resistant. The fruit, while not large is of highest quality, and especially fine for dessert use. Ripens in October.

Sheldon. A fine looking medium sized pear; very pleasing to eat; has a very brisk wine flavor, highly aromatic. Ripens in October.

Anjou

Sweet Cherries

All 2 Year No. 1		Each	Five	Ten
1 1/16 inch caliper	5 to 6 feet in height	\$2.50	\$11.90	\$22.50
9/16 inch caliper	4 to 5 feet in height	2.00	9.50	18.00
7/16 inch caliper	3 to 4 feet in height	1.75	8.40	16.00

Black Tartarian. Bright purplish black, very large, rich and juicy. Tree vigorous, erect, heavy bearer.

Governor Wood. Fruits light yellow, marbled light red, large heart-shaped, rich, sweet and juicy. Tree vigorous and fine bearer.

Lambert. Purple-red in color, rich and firm. Considered one of the largest of all cherries. Enormous crops every year. Fine shipper.

Napoleon (Royal Ann). Choice sweet yellow cherry. Good for market and canning. Large size, beautiful cherry, pale yellow with bright red cheeks, sweet and juicy and firm. The leading white cherry.

- Schmidt.** Well-known for its immense size of fruit. Ranking very high among the better varieties. A deep purplish black fruit with sweet dark colored flesh.
- Windsor.** Fruit very large, juicy and firm; flesh pinkish and sometimes streaked. Good quality; excellent bearer. Tree upright, vigorous and rapid grower. Popular for its large size and dark color, almost black.
- Yellow Spanish.** Pale yellow and bright red cheeks. One of the best, most beautiful, and popular of all light colored cherries.

Plums

Sour Cherries

- | All 2 Year No. 1 | | Each | Five | Ten |
|--|-----------------------|--------|--------|---------|
| ¹¹ / ₁₆ inch caliper | 4 to 5 feet in height | \$2.00 | \$9.50 | \$18.00 |
| ⁹ / ₁₆ inch caliper | 3 to 4 feet in height | 1.75 | 8.40 | 16.00 |
| ⁷ / ₁₆ inch caliper | 2 to 3 feet in height | 1.50 | 7.50 | 13.50 |
- Brassington.** A superior new sour cherry fast gaining in popularity. Tree upright, dense, and very productive. Fruit, attractive, round, light red in color, juicy, pleasant flavor, a faint reddish tinge permeates the yellow flesh.
- Early Richmond.** A good old variety, perfectly hardy, uninjured by the severest winters. One of the most valuable and popular varieties, unsurpassed for cooking purposes.
- English Morello.** Fruit large, elongated; almost blackish red when fully ripe; very rich, acid; juicy and good. A splendid pie cherry. Tree very hardy, somewhat smaller than other sorts, but exceedingly productive.
- May Duke.** One of the oldest and most popular cherries. It is finely flavored and delicious to eat. Thrives under many variations of soils and climates.
- Montmorency.** Fruit is good sized, fine flavored and bright clear red. The canning factories are always calling for them and buy them by the ton. The best of all sour cherries, a good shipper. Montmorency can always be depended upon for a full crop, no matter how unfavorable the season may be. **Due to weather conditions we are unable to supply ¹¹/₁₆" caliper of Montmorency. We have a fine stock of one year old ⁷/₁₆" whips at \$1.00 each.**

Apricots

- | All 2 Year No. 1 | | Each | Five | Ten |
|---|-----------------------|--------|--------|---------|
| ⁹ / ₁₆ inch caliper | 3 to 4 feet in height | \$1.75 | \$8.40 | \$16.00 |
| ⁷ / ₁₆ inch caliper | 2 to 3 feet in height | 1.50 | 7.15 | 13.50 |
- Hungarian Best.** The original tree of this variety has been bearing consistently over a long period of years. Therefore it has proven to be perfectly hardy. Fruit large, beautifully colored deep yellow, very fine flavor.
- Moorpark.** Large, firm and juicy, color is orange yellow with a red cheek. One of the best freestones. Season is a little later than other varieties

Plums

- | All 2 Year No. 1 | | Each | Five | Ten |
|--|-----------------------|--------|--------|---------|
| ¹¹ / ₁₆ inch caliper | 5 to 6 feet in height | \$2.00 | \$9.50 | \$18.00 |
| ⁹ / ₁₆ inch caliper | 4 to 5 feet in height | 1.75 | 8.40 | 16.00 |
| ⁷ / ₁₆ inch caliper | 3 to 4 feet in height | 1.50 | 7.15 | 13.50 |
- Abundance.** Fruit large, very early; amber in color turning to a rich cherry red. Flesh light yellow exceedingly juicy and tender. Freestone. Excellent for canning.
- Bradshaw.** A very large fruit, early plum, dark violet red, juicy and good. Very productive; valuable for market. Quality is excellent, color attractive. Good canner.
- Burbank.** Fruit is very large, bright reddish purple. Meaty and quite firm. Excellent shipper. Tree hardy, vigorous, and productive. Needs close pruning.
- Italian Prune** (Fellemburg). A valuable plum for dessert, but most esteemed for market and drying and preserving. Fruit long, oval, purple with a thick bloom; flesh firm, sweet and pleasant, separating freely from the stone, moderate growth. A sure market for all you have to sell at profitable prices.
- Lombard.** Medium to large, roundish, dark red. Flesh yellow, juicy. Hardy; prolific bearer. Valuable commercial sort.
- Monarch.** Very large, bluish-purple. Juicy, golden green flesh. Bears early and abundantly. Excellent for market.
- Stanley Prune.** Large, ~~prune~~-shaped, dark blue becoming bluish black. Flesh greenish yellow, juicy, fine grained, sweet. Mid-season.

Grapes

- | All 2 Year No. 1 | | Each | Five | Ten |
|------------------|--|--------|--------|---------|
| | | \$.60 | \$2.75 | \$ 5.00 |
- Agawam** (Red). One of the most reliable. Purplish red, of striking appearance, with large berry. Sweet and rich aromatic flavor. Ripens soon after Concord. A good keeper. Vine self-fertile, vigorous, and productive.
- Catawba** (Red). A well-known, late ripening chocolate colored grape of rich musky flavor. When well-grown will keep indefinitely, it demands high culture, a warm situation and long season to mature perfectly, bunch and berry very large. Quality the very best.
- Concord** (Black). Still the most popular grape in America, and grown with success in every state in the Union. It will adapt itself to almost any condition. Both bunch and berry large, fair quality with rich blooms. Vine healthy, hardy and productive.
- Delaware** (Red). An early September grape that has remained the standard of excellence for generations. No fruit of any class more juicy, one that always commands the highest market prices. Vine very hardy and productive, but a slow grower, requires rich soil, good culture, and close pruning.
- Fredonia** (Blue Black). Stands alone as the earliest good black grape. Vigorous, hardy and productive. Clusters medium in size, cylindrical, and compact. Berries large, round, and persistent; skin thick and tough; flesh juicy, solid and tender.
- Niagara** (White). Undoubtedly the most popular white grape, a typical commercial fruit, enormously productive, and of fair quality, ripening with Concord. Flesh a little tender for shipping. Berries large. Vine a rampant grower.
- Worden** (Black). Best known offspring of the Concord. One week earlier and superior to Concord in quality, size of berry, and compact handsome clusters. Skin tender, must be carefully handled in shipping. Vine hardy and vigorous.

Strawberries

An early profit maker for every farm

Year after year, strawberries have proven one of the growers' most dependable sources of income. They represent a low investment cost, and are known as the farmers' early money crop. There should be a strawberry field on every farm.

Twenty-five	Hundred	Thousand
\$1.00	\$2.50	\$13.50

Cato. Cato is offered as a high quality variety for the home use. This is the sweetest berry on the market and equal to Marshall in quality and much superior as a plant maker. The skin bruises easily and will therefore not be a satisfactory market berry, unless handled very carefully. The fruits are large, glossy, and ripen in mid-season. A good freezer.

Dorsett. Fruiting season early with profitable continuance. Its bright flame-red color and unusual firmness make it a good berry for market. This variety has a fine flavor and is beautifully shaped.

Fairfax. A new kind which runs with Dorsett; similar in many ways but with enough differences to warrant growing both. It produces a heavy crop of berries, better than average size, deeply conical in shape, a more brilliant red than Dorsett and of firmer texture; season about the same. The flavor is sweetly luscious. It is a good freezer.

Scarlet Beauty. One of the best, ripens just after Premier. Very easily grown. Plants growth is good under adverse weather conditions. Berries are large, non-acid, light bright red in color. A good freezer.

Premier. Smooth conical form, large, its color the glossy red which sells on sight. Quality unsurpassed, production greatest of all early berries. Plants are vigorous, healthy, and strongly reproductive.

Sen. Dunlap. This variety is considered one of the best plant producers. The fruit is good sized, beautiful bright red, glossy and firm. It is a splendid keeper and good freezer.

Heburn. Very late variety. Fruit is a bright glossy red, flavor is delicious. It is a strong yielder, heavy stems bear the fruit high off the ground. By ripening late it puts it past the late spring frosts.

STRAWBERRIES—Everbearing

Twenty-five	Hundred	Thousand
\$1.25	\$4.00	\$33.00

Scarlet Gem. Berries may be picked soon after the normal spring plants, and carry on thru the summer and late fall. The variety is a good one to make plants, berries are uniformly large and keep well. It is an excellent berry for shortcake in the fall.

Raspberries

Ten	Twenty-five	Hundred
\$2.25	\$4.00	\$12.00

Cumberland (Black). The largest and best mid-season black cap. Healthy, vigorous, productive of firm large berries, fine in quality. One of the hardiest varieties.

Indian Summer (Red). Best of the everbearing. Sturdy canes bear an abundant crop in June, then again in September continuing up to frost. Berries are luscious to taste. Not a very good shipper, but fine for eating, freezing, and canning.

Latham (Red). Undoubtedly the best looking red raspberry on the market, producing enormous crops. Extremely large berry, with attractive dark red color and of the finest quality. Our Latham plants are the finest that can be obtained and are absolutely disease free.

New Logan (Black). A new black cap of Ohio origin that is gaining favor among growers. Its quality and productiveness equals Cumberland, but it bears 10 days earlier. Highly resistant to disease.

Sunrise (Red). A new variety introduced by U. S. Dept. of Agriculture. Very early, with a long picking season which makes it ideal for the home garden. Hardy, flavor and quality of the best.

Asparagus

	Twenty-five	Hundred
2 Year No. 1 Plants.....	\$3.00	\$8.00

Martha Washington. An excellent rust resistant variety. Stalks are large dark green with a heavy purple overtone. Every garden should have one asparagus bed for its first vegetable in the spring. Plant 100 plants, 12 inches apart in three foot rows and you have an ample amount for a family of six for 6 weeks each year.

Raspberries

Mary Washington. A strong grower, stock of giant size, green in color, rich and tender. It is also disease resistant and a bed will last for years. A little earlier to bear than other varieties and stalks inclined to be oval shape.

Rhubarb

PIE PLANT

Each	Five	Ten
\$.55	\$2.25	\$4.00

Linnaeus. The best-known and most widely planted variety. Large, early, tender. Not the least tough or stringy, with mild sub acid flavor. Excellent for pies and sauce, and very desirable for canning or freezing.

Blackberries

	Ten	Twenty-five	Hundred
2 Year No. 1.....	\$1.75	\$3.75	\$10.00

Blowers. An upright mammoth grower, very hardy and productive. Fruit very long. Finest flavor and jet black. Bears continuously from July to September.

Eldorado. The hardiest and sweetest blackberry. Berries are large, jet black, borne in large clusters, very sweet and practically coreless. Keep a week or more after picking with quality unimpaired.

Boysenberry

THORNLESS

	Each	Five	Ten	Hundred
2 Year No. 1.....	\$.40	\$1.75	\$2.75	\$15.00

Every garden should have a few of these plants, a cross of blackberry, raspberry, and loganberry, and far more vigorous than any of its parents. Makes considerable horizontal growth as compared to its height. Making it easy to pick. Fruit of delicious flavor, no core and very few seeds; fine for table, pies, canning, and freezing.
